REYNOLDS BOMBHELL VISITS CITY: Edmonton, at the aerial crossroads of the world, was visited by Milton Reynolds and his record-breaking, world-circling plane for 69 minutes Tuesday. The scenes above were taken at the Edmonton Municipal Airport. Picture at the top on the left shows the Bombshell being loaded with 1,500 gallons of gasoline for the final dash to New York. At the right above Milton Reynolds and his two fellow crew members are climbing aboard the Bombshell for the takeoff. At the left below the world fliers confer in the shadow of the bomb bay. Left to right are: Milton Reynolds; Carroll "Tex" Sallee, flight engineer, and William Odom, pilot.

78 Hours, 55 Minutes, 56 Seconds

World Flight Record Smashed By Reynolds In Converted Bomber

NEW YORK, April 16 —(BUP)—Milton Reynolds, who rode around the world sitting backwards in his converted bomber, will go to Washington today with the other two crew members of his globe-girdling Bombshell to receive the congratulations of President Truman for his record-breaking flight of 78 hours, 55 minutes and 56 seconds.

THE HISTORIC flight ended at 12:06:56 a.m. today when Capt. William Odom, pilot of the Bombshell, set the plane down on runway four at LaGuardia Field, where it took off at 5:11 p.m. Saturday.

The Bombshell's heater was out and its oxygen supply was exhausted, but its two engines were running as smoothly at the end of the 20,000-mile journey as they were at the takeoff.

The black exhaust streaks beneath the motors was the only evidence that it has completed a gruelling flight over four continents and two oceans, covered in a total of 62 hours and 55 minutes actual flying time.

THE BOMBHELL lopped 12 hours, 18 minutes and four seconds off the record of 91 hours, and 14 minutes set by movie-maker Howard Hughes in 1936. Hughes' route across Russia was some 6,000 miles longer.

Got Only \$12

Man Pleads Guilty To Armed Robbery

A man who made a decision Tuesday to become an armed bandit in an effort to make some easy money wound up his brief career in city police court Wednesday.

TWENTY-ONE-year-old Mike Sucholdski, 12737 82 street, pleaded guilty before Magistrate A. I. Miller to a charge of robbing a city taxi driver of \$12, and his cab, at the point of a gun. He was remanded until April 24 for sentence.

Police scoured the city in a search Wednesday morning after the taxi driver, Alex Moskalyk, 10303 123 street, reported he had been held up and robbed.

KEEN OBSERVATION of the part of Constable H. L. Moore, city

To Announce Engagement Of Princess?

OTTAWA, April 16.—(CP)—The Morning Citizen today said in a newspaper story that it was "understood here on the highest authority" that the engagement of Princess Elizabeth, heiress presumptive to the British throne, to Lieut. Philip Mountbatten, formerly Prince Philip of Greece, will be announced next Monday on the princess' 21st birthday.

"It is anticipated that the engagement announcement will be made by His Majesty the King himself from South Africa, possibly following a speech the princess is to make on the occasion of her 21st birthday," the paper said. "The speech is to be relayed to the United Kingdom and it is anticipated that it may be heard throughout Canada as well."

Seeks Visa

OTTAWA, April 16.—(CP)—Count Alfred de Marigny, who three years ago was acquitted of the murder of millionaire Sir Harry Oakes at Nassau, Bahamas, is a visitor in the capital, where it is reported he is making efforts to obtain a visa permitting his entry into Europe.

Ask Consultation

NANKING, April 16.—(AP)—China sent State Secretary Marshall a note today proposing "full consultation" on Korea among the United States, Russia, Britain and China, should the United States and Russia fail to reach an agreement on the question soon.

City Virtually Razed; Big Area Rocked

TEXAS CITY, Tex., April 16 —(AP)—An estimated 350 persons were killed here today in the worst explosion in Texas Gulf Coast history. A chain of explosions rocked a 100-mile area, and virtually razed this city of 15,000.

The Texas department of public safety announced shortly after noon that reports indicated an estimated 350 dead. The injured toll is reported to be more than 1000.

Poison gas was reported to be infiltrating the burning city at noon. The national guard was called out in the area.

Doctors, nurses, police and firemen from Galveston, Houston and other nearby cities were rushed here.

The chain of explosions began on the Grand Camp, a French ship loaded with nitrate. It spread to the multi-million dollar Monsanto chemical corporation plant, reported a ruin following the explosion and fire.

Communications Cut

The death and casualty estimate was made by the Galveston Tribune. Telephone communications were disrupted by the explosion, the few remaining lines being clogged with emergency calls for help.

The Grand Camp, destroyed with all men aboard by the explosion, the Tribune said, caught fire early today. Several hundred curious gathered at the docks to watch the fire.

When the explosion followed, many on the docks were killed. Steel beams were hurled over the city, some as far as 15 miles away.

Many of the dead were Monsanto workers. Port Arthur and Orange, about 100 miles distant, said the blast was audible there. Buildings rocked. At Pelly, 27 miles distant, a man said the sound "hurt my eardrums." Palestine, 160 miles from here, also claimed to have heard the sound.

Chaos Dominates Scene

The scene at Texas City was one of chaos. First eyewitness account came from W. H. Sanberg, vice president of the Texas City terminal railway company. He had left the Grand Camp just five minutes before the initial explosion.

The following explosions, he said, jumped from the ship to the Monsanto chemical plant "which simply does not exist any more" to the Stone Oil Company and possibly to others. One piece of steel said to be from the Republic Oil Company was picked up two miles away.

"The concussion was simply terrible. It blew out windows in every home in town. It blew in ceilings in business buildings. It cracked new buildings from end to end. Doors were blown from their hinges. The devastation is terrible."

Fires were still raging hours after the explosion, and no water was available to fight them.

Poison Gas Over City

Albert Nichols, Harris county sheriff's county dispatcher and Texas City officials have radioed Fort Crockett, Galveston, that poison gas was infiltrating the city.

Other Texas city industries—bagging, petroleum, sulphur, shipping, tin and others—were reported burning and fire equipment from Galveston, Houston and other

DR. HERBERT E. MORRIS

Former Resident At Texas Plant

Dr. Herbert E. Morris, son of C. E. Morris, well-known Edmonton old timer, and the late Mrs. Morris of Edmonton, was in Texas City, Texas today when a series of explosions killed an estimated 350 persons and injured at least a thousand more. Dr. Morris is director of the research department of Monsanto Chemical company at the big \$19,000,000 plant at Texas City.

No word has been received here yet as to his safety. Dr. Morris was born in Edmonton and was an honors graduate from the University of Alberta in chemistry. He won a scholarship and attended McGill University, Montreal, where he was graduated with his doctor's degree in chemistry.

After graduation he was employed with Canadian Industries Limited at Windsor, Ont., for more than a year before going to Dayton, Ohio, to join the Monsanto Chemical Corporation. He went to the Texas City plant of the firm four years ago.

DEATHS Recorded Today

Hull, Rosalie Bertha, Kelly, Mrs. Ellen, McRae, Mr. Frank McGowan.

NEED BICYCLE SEE WANT ADS

Outdoor Sport will include cycling for many this summer. See the ad listing a 3-speed, Man's Bicycle, with hub brakes, also a lady's standard model, under heading 36 in the Classified section.

A carriage and small crib, claimed to be in good condition, are for sale today. See classification 32 for particulars.

One of the districts dining centres requires a dining room waitress also, a dining room waitress. Turn to Want Ad heading 16.

The merchandise and farmer's market columns in the Want Ads are conveniently arranged and simple to read and use. Your Ad, if received before 11:00 a.m., may appear in the next day's issue at the temporary joint rate of five cents per word per day. To speed service please state that your ad is to be published in the joint newspaper.

Sponsor of Record Flight Says:

Globe-Girdling Hop Undertaken To Have "Fun;" Cost \$175,000

Hurting around the world at close to 400 miles per hour, in a converted army bomber, in daylight and darkest night, in all kinds of weather, and tempting fate with dangerous overloads of gasoline, "just to have some fun and advertise a new fountain pen" was the reason behind Milton Reynolds' record-breaking world

flight that ended in the early minutes of Wednesday in New York City.

IN ADDITION, Mr. Reynolds, 54-year-old Chicago pen manufacturer, paid \$175,000 in good, hard cash for his epoch-making world-girdling flight.

The world-circling Reynolds' Bombshell plane, carrying Pilot Capt. William Odom, Roslyn, N.Y., and flight engineer Carroll "Tex"

Sallee, landed at Edmonton airport at 1:37 p.m. for refuelling after a seven-hour dash from Adak in the Aleutian Islands.

AFTER A hurried clean-up and lunch in the offices of Northwest Airlines in the airport administration building, while the "Bombshell" was checked and refuelled with 1,500 gallons of gasoline, the trio took off for New York and the end of the 20,000-mile trip. It was the only landing on Canadian soil.

Stout, genial, but sleepy, Mr. Reynolds and his fellow-crewmembers were warmly welcomed when they climbed out of the crowded cockpit of the former army bomber. A big crowd of air enthusiasts greeted the trio when their plane glided to a halt.

"We had a beautiful trip and have enjoyed it very much," were the first words spoken by Reynolds, as he climbed down from the cockpit.

ASKED ABOUT sleep, Reynolds smiled tiredly and said: "We just didn't sleep. For one thing it was too noisy with four thousand horses kicking up a racket all the time." He was re-

In Heart of Whitehall

Foil London Bomb Plot

LONDON, April 16 —(BUP)—A powerful time bomb was found today in Dover House, colonial office adjunct in the heart of the Whitehall government area, thwarting a sabotage attempt described by Scotland Yard as a "terror reprisal" for the hanging of Dov Gruner.

THE BOMB, made of 24 to 27 sticks of gelignite, was found by a chawman in a women's lavatory. Officials said it was powerful enough to have "blown the roof off" Dover House and damaged neighboring buildings along Whitehall.

Scotland Yard officers were quoted as saying they were convinced the planting of the bomb was a deliberate attempt on the Colonial Office in direct reprisal for execution of Gruner, Jewish underground member in Palestine.

THE YARD OPENED a search for a "well dressed woman" who called at Dover House yesterday. They believe she might have cached the bomb during a call to inquire about exports to Palestine. Many Palestinians were understood to call each day at the marketing division in Dover House.

Mrs. Elizabeth Hart, one of eight charwomen in Dover House, went into a lavatory about 6:30 a.m. on her customary cleaning round. "I saw a large parcel wrapped in newspapers with no string," she related. "As I picked up the package, it fell apart, and I saw a black battery and a large watch dangling from the battery. 'I realized it was a bomb be-

Plotters Against Hungary Convicted

BUDAPEST, April 16.—(AP)—A peoples court convicted 13 persons today of plotting against the Hungarian republic in an effort to re-establish the regime of Admiral Nicholas Horthy by armed revolt and sentenced three of them to die by strangulation. Those condemned to die were Dr. Gyorgy Donath, a former member of parliament accused of being the "brains" behind the alleged conspiracy against Hungary's Communist-dominated regime; aging former Gen. Lajos Dalnoki Veress, at whose home the state charged an "underground chief command" was established on Oct. 31, 1946; and Sandor Andras.

100,000 Troops Stand on Guard

British on Alert for Reprisals As Gruner, Terrorists Hanged

By Eliaz Simon

JERUSALEM, April 16 —(BUP)—Dov Gruner, a British army veteran, and three other Jewish underground men were hanged in Acre prison today while 100,000 British soldiers stood guard against expected reprisal attacks.

IRGUN ZVAI LEUMI, the underground organization to which Gruner and the other three ex-

ecuted men belonged, has warned repeatedly that it would wage a veritable war against the British if Gruner died.

Hanged with Gruner in the grim stone crusaders castle 25 miles north of Haifa were Dov Rosenbaum, 21, Eliezer Kashani, 19, and Mordechai Alosli, 20. All three were arrested Dec. 29 while trying to crash a road block and were sentenced to die for carrying firearms.

Reliable sources reported that Gruner was executed at 2 a.m., and died singing the Jewish national anthem Hatikva. The same sources said the other three were hanged at intervals of one hour.

(Continued on Page 2)

Wallace to Tackle Palestine Problem

LONDON, April 16.—(AP)—Henry A. Wallace said today he would tackle the troublesome Palestine issue tomorrow in a private conference with a group of British members of parliament. The former United States vice-president said he had accepted this final British engagement to express "how the American Jewish peoples feel" about the Holy Land issue. After the meeting he will fly to Sweden, Denmark and France.

May Lift Subsidy

OTTAWA, April 16.—(CP)—Government sources indicated today that the subsidy of 19 cents on milk going into butter production will be removed shortly—possibly within the next two months.

Snow in Ontario, Spring in West

BY THE CANADIAN PRESS
 A snow storm drove northeastward across Ontario today while practically all the rest of Canada basked in the spring weather. Eastern Ontario reported up to six inches of snow.
 EARLY IN the forenoon the Kentucky-born storm reached the Montreal area. It was expected to sweep down the St. Lawrence valley later in the day and to envelop the Maritimes with rain and snow by tomorrow.
 Western limit of the storm area lay in northern Ontario. Rain swept southwestern Ontario—Windsor, London and the Niagara peninsula—and the snow belt stretched from Toronto to Montreal.

Amazing New Cream
HOLDS
False Teeth Tight
ALL DAY
User tells of new comfort with Poli-Grip

Dental plates that slip and wobble are a real torment. That's why it's so wonderful to hear about Poli-Grip, the amazing new cream. Many folks have found that Poli-Grip gives wonderful new comfort. For example, one user, O. H. B. says, "It's better than anything I've ever used!"

Because Poli-Grip is so amazing, you get double your money back if it doesn't hold tighter, longer than anything you've tried. That's guaranteed by the same folks who make Poli-Grip.

No take a tip from O. H. B. and get Poli-Grip. See if it doesn't hold your teeth tight all day, seal edges of plate so food (pyrexin) can't get under. Makes it easy to talk clearly, laugh, sing without fear of slipping plates. Buy Poli-Grip today. 45¢ and 75¢ everywhere.

secret without advance public warning. They were witnessed by the British district commissioner and a few other officials.

A CURFEW was imposed on the Jewish quarters of Palestine almost simultaneously with the execution. All Jews in the area were told not to leave their homes. Military searches were carried out in Jerusalem, Tel Aviv and Haifa at the same time.

Jerusalem streets were empty in the dawn hours as armored cars mounting loudspeakers announced the curfew.

Two hours after the curfew began placards appeared in the streets reading, "Life for life, eye for eye, tooth for tooth, hand for hand, burning for burning!" Hundreds of soldiers and police tore down the signs.

LONDON, April 16—(BUP)—A Jerusalem dispatch to the Exchange Telegraph today quoted an Irgun Zvai Leumi underground radio broadcast as saying that "10 senior British officers will be hanged in the streets of Jewish Palestine for every one of Jewish martyrs murdered by the British today."

All three fliers showed the effects of their three days in the air. But they were happy as they emerged from the cockpit and waved to the crowd of 2,000 persons waiting at the field and pushed through 250 reporters, photographers and newsreel men.

HAPPIEST OF ALL was T. Carroll Sallee, flight engineer, who will be married tomorrow to blue-eyed Patricia Houlahan, 19, at Garden City, Long Island. Miss Houlahan, whose home is in Cody, Wyo., loaned Sallee \$3 when he took off so he wouldn't have to fly around the world broke.

She was waiting for the plane at the field with the wives of Reynolds and Odom.

Reynolds, wearing several army shirts, all dirty, was the first to emerge from the cockpit. He waved to his wife and flung a handful of his ballpoint pens to the crowd. He had passed out the pens by the handful at every way-station on the journey.

ODOM WAS DRESSED in a flight jacket, a yellow, peaked flying cap and a red, polka dot tie.

"It took us a long time, honey," he said as he kissed his wife.

Customs officers cleared the plane immediately and health inspectors fumigated it.

Reynolds said the worst part of the flight was the 2,000 miles from Edmonton to New York. The plane ran into ice and fog between Minneapolis and Detroit. Prior to that the heater broke and the oxygen supply gave out, forcing them to come down to 11,000 feet and cut their speed for the final run.

Only 300 gallons of gasoline remained in the Bombshell's fuel tanks when it set down at LaGuardia.

LOS ANGELES, April 16—(AP)—Milton Reynolds, who landed his plane in New York last night after establishing a new round-the-world speed record, was dispatched a telegram by Howard Hughes, saying "My heartiest congratulations for your excellent performance."

Hughes set the previous record in 1938 of 91 hours 14 minutes. He had no further comment on Reynolds' feat.

16-Year-Old Admits To Splitting Bills

TORONTO, April 16 (CP)—Joseph Ruddy, the 16-year-old who confessed to police April 7 that he had split a \$1 bill and a \$5 bill, pasted together one half of each and successfully passed them as two \$5 bills on Toronto merchants, yesterday was remanded for sentence.

Hang Nazi Killer

OSWIECIM, April 16—(AP)—Rudolf Hoes was hanged yesterday on the gallows he used to kill some of the 4,000,000 persons put to death while he was wartime commandant of the Oswiecim (Auschwitz) extermination camp.

Flight For Fun

(Continued from Page 1)

Referring to the two 2,000-hp Pratt and Whitney engines with which the Douglas attack bomber is powered.

Continuing on conditions aboard the plane he said: "For another thing it was cold at times, down as low as 40 degrees below zero. For most of the distance we flew at 18,000 feet and we had no heater in the cockpit as we wanted to keep the weight down so we could carry a maximum load of gasoline."

THE LONG trip certainly was no gabfest.

"We just didn't try to talk. We couldn't hear each other for the racket," Mr. Reynolds explained.

Generally speaking, the world fliers were favored with grand weather, with helping tailwinds boosting their speed practically all the time.

"We won't fly without a tailwind," Reynolds grinned.

"If we didn't have one in Edmonton we'd turn around and go back," he added.

The pen manufacturer said that the speed of the "Bombshell" for the greater part of the trip was around 360 miles per hour.

THE PLANE made nine stops, including Edmonton, but had planned only six.

"I feel sure we would never have set such a record without Pilot Bill Odom, who to my mind is just the best pilot in the world. Sallee also did a magnificent job as copilot and flight engineer."

Reynolds, who has been flying airplanes since 1918 and has owned five different aircraft, did the navigating himself.

"There was nothing to it," he protested. "Odom did the really hard work." Reynolds said when asked about his own role on the trip.

THE FLIGHT from Tokyo to Adak was the hardest part of the trip in the opinion of Reynolds. The head of the expedition appeared to disagree with his pilot on this, as Odom figured the flight from Calcutta to Shanghai, over the famous hump, was the most dangerous.

The fliers termed the northwest route from Shanghai to Adak as the "best for aerial crossings of the Pacific."

At Tokyo the "Bombshell" took aboard the heaviest load of gasoline ever taken by a two-engine bomber plane, 2,500 gallons.

"We were warned by Donald Douglas, manufacturer of the plane, not to load so heavily but we figured we needed that much gas," Reynolds explained.

CENTRE of gravity of the machine was further back than it had ever been on a two-engine plane.

"We took 33 seconds to get up from the Tokyo runway," he grinned.

Mr. Reynolds believes that many things were learned on the flight that will be of great value to world aviation. The fliers plan to make a complete report to the United States Army Air Force.

He revealed that he had been working on plans for the flight since last January.

"I wanted to have some fun and we were getting out our new pen, the Reynolds Bombshell, so I decided it would be a good way to advertise the product," he explained.

ABOUT 1,000 pens were given away by the manufacturer up to the time the Bombshell reached

Edmonton. He had to refuse a few requests for souvenir pens at the airport, because the supply was running "very short."

Mr. Reynolds lunched, along with Odom and Sallee, on turkey dinners provided by Lee Huston and W. F. W. Hancock, Northwest Airlines officials here.

Despite their dog-tired state, the fliers cheerfully submitted to photographic and newspaper and radio interviews.

Mr. Reynolds had been talking to his wife from Adak over the long distance telephone.

CITY TRAFFIC constables, under Deputy Chief Alex Riddell, kept the crowds back from the "Bombshell" during its stay here.

Ald. Jack Munro greeted the fliers officially on behalf of the City of Edmonton while James Bell, airport manager, saw to it that the Bombshell and its crew were well looked after.

Appreciation of Canadian hospitality was expressed by Capt. Bill Odom, on behalf of himself and the rest of the crew. The "Bombshell," scheduled to leave immediately after refueling, was held

waiting as the crew enjoyed a hearty meal.

"SURE LIKE this Canadian hospitality, remarked Captain Odom with a slight Southern drawl. He said it was an appetizing change from quick meals and sandwiches experienced throughout the trip.

"Round the world trails blazed by the 'Bombshell' were symbolized in names like Calcutta, Shanghai, and last but not least, Edmonton, printed on the fuselage before the takeoff. Autographs were numerous along the motor cowlings and fuselage.

Printed along the side of the fuselage was "Reynolds' Bombshell, Pilot, Capt. Bill Odom, Copilot Tex Sallee."

Medal of Merit To Cordell Hull

WASHINGTON, April 16 (AP)—President Truman drove to a naval hospital yesterday to award the Medal of Merit with an Oak Leaf Cluster to Cordell Hull for his distinguished services as secretary of state.

Talks Failure

Stalin, Marshall Gain Nothing

MOSCOW, April 16 (BUP)—An authoritative source said today that Premier Josef Stalin and Secretary of State George C. Marshall "accomplished nothing" in their face to face effort at the Kremlin last night, to break the Big Four deadlock.

REFERRING to the stalemate of the council of foreign ministers on such vital German issues as reparations, economic unity and a four-power disarmament treaty, an authoritative informant said:

"The situation has not changed one iota from before the meeting. It accomplished nothing."

Asked whether that meant the Moscow conference would end abruptly, the informant said he did not think so. He said the min-

isters would need several days to go through the Austrian treaty, even though a final agreement on it may be possible here.

(A MOSCOW broadcaster said Foreign Secretary Ernest Bevin and the entire British delegation would leave Moscow by train next Tuesday, and that Marshall planned to depart about the same time).

Italian Tourists

Burn Down Hotel

MILAN, April 16 (Reuters)—Angry Italian tourists yesterday burned down a hotel near Merano, South Tyrol, in which a German sought refuge after he shot and killed an Italian, the Italian News Agency reported. It was presumed the German died in the blaze.

Comb Beautiful Color Into Gray Faded Hair

Don't let gray hair add years to your looks. Give those graying locks new color, life, youth, beauty. Get rid of all traces of gray hair right in your own home. You can do it, too, and get a real professional-looking job with this time-tested gray hair recipe.

Get from your druggist one ounce bay rum, one-fourth ounce glycerine, one box Orlex Compound. Mix in half-pint of water, or druggist will mix for you at small cost. Simply comb into hair as directed. Gray, faded, streaked hair is given a beautiful, soft, lustrous, natural-looking color that will not wash out or rub off. Does not stain the scalp or affect permanent. Try the money-saving Orlex recipe today. You will soon forget you ever had gray hair and will look years younger.—Advt.

There Will Be **MORE** Jell-O in a Few Months!

COLORFUL Jell-O with its tangier "locked-in" flavor—and Jell-O Puddings with their old-fashioned home-made goodness—have been none too plentiful. But happier days are coming! Your grocer is going to have more Jell-O and Jell-O Puddings in the next little while. And some day there will be all of those famous, quick-and-easy desserts you want.

Meantime, when you get Jell-O or Jell-O Puddings, consider using them for such marvelous dishes as suggested here—and others on the packages.

Jade Layer Salad . . . Dissolve Lime Jell-O in 2 cups hot water. Pour ¾ cup into mold; chill. Whip remainder, blend with 1 cup seasoned chopped vegetables, 1 cup cottage cheese, ½ cup mayonnaise; let set over firm clear layer.

Party Puddings . . . (1) Use halved sweet walnuts and maraschino cherries as butterfly wings and body, on rich Chocolate Jell-O Pudding. (2) Garnish creamy Vanilla Jell-O Pudding with mint jelly. (3) Fold chips of sweet chocolate into mellow Butterscotch Jell-O Pudding (while it's warm).

Homes and Citizenship

"Decent housing is a fundamental of citizenship," says Dr. C. E. A. Winslow, head of the United States housing group, and formerly dean of the public health school of Yale University.

Dr. Winslow spoke last week to a convention of the Canadian Institute of Sanitary Engineers in Vancouver, and the keynote of his address was emphasis on the fact that it is impossible to have a wholesome society without a minimum of decency in homes.

"The cities of North America," said Professor Winslow, "are dying at the core. Well-to-do families are moving out of the cities to suburban areas—and the slums continue to grow.

The answer is low-cost housing, and that means government-subsidized housing. "Subsidized housing for the elimination of slums is going to come, it's got to come, the best system is a federal subsidy granted in cooperation with provincial or state government bodies."

This is almost an echo of what The Edmonton Bulletin has been pointing out for years—that homes and families are the most precious asset of the state, and that homes and families cannot exist without adequate and reasonably priced housing within the budget of the average man.

What is needed in Canada as much as sunlight and air is a plenitude of modern homes, with two and three bedrooms, to rent at from \$25 to \$30 per month—which is all that 80 percent of Canadian families can afford to pay.

Current building conditions make it impossible for private enterprise to erect housing units that will rent at such a figure or sell at similar instalments.

As Dr. Winslow makes very clear, only the government can undertake such building and only government subsidies can solve Canada's housing problem.

Since the national health and happiness depend upon modern low-rental homes, the institution of housing subsidies becomes a most urgent matter in this country.

Better Make It Unanimous

The city council Monday night approved the proposal that Mayor Ainlay proclaim "daylight saving" time to be Edmonton time, for the five months from April 27th to Sept. 27th. The Mayor had previously suggested that he might take this course.

This settles the question so far as the authority of the city administration can go. Legally it cannot go very far, since the provincial legislature refused to give council the necessary legislative power. Nothing council can do therefore can make it illegal for any person or firm to refuse to conform to the proclamation. Obedience will be on a strictly voluntary basis. If anyone insists on keeping to standard time, he will be within his legal rights in doing so.

But it will be better if objectors forego their freedom and make the "daylight saving" rule general. If the school boards accept the decision, which it is presumed they will do, family time-tables would be thrown out of joint where children were governed by one time schedule and parents by another. There would be confusion in business, too, if some stores operated on standard time while others opened and closed an hour earlier.

Changing the time by a proclamation which has no legal backing could produce utterly chaotic conditions in family life, social life and business life if a large section of the population refused to govern themselves in accord with it. There would be no advantage in this to offset the endless complications that would be introduced.

The better course will be to make the ruling as nearly universal as may be; and to let it be understood as quickly and as widely as possible throughout the surrounding territory that Edmonton's business day during the summer will be one hour earlier at both ends than standard time indicates.

One time schedule is better than two. And that is the choice which every person in the city will have to make as a result of the non-legal proclamation.

Play Fair - or Else

Hon. Douglas Abbott repeats for the benefit of Canadian industrialists the advice which President Truman has been giving to industrial concerns in the United States.

Manufacturers, Mr. Abbott says, should cut down prices as sales expand, and thus pass along to the customers some of the benefits of enlarged production. To give point to the advice he reminds them that sellings which were taken off can be put

on again. And he didn't say the ceilings would not be put back at the same levels they stood at before.

This is notice to industrial interests that they cannot hog the proceeds from expanding business. The reference to restoring ceilings is something more than informative; it implies that if the ceilings become necessary they will be put back. The customers, in those circumstances, will see that they are put back.

Aside from CCF theorists, nobody wants these controls re-established. The public generally prefer free enterprise. But only on condition that free enterprise will deliver the goods at fair prices. Otherwise the public will have no option but to call for a resumption of legal price restraints. It is up to the directors of productive industry.

The World Wheat Plan

The international wheat conference has ended at London. Thirty-nine exporting and importing countries were represented. A conspicuous absentee was Russia, a past and a potential exporter, but not presently figuring in the international trade.

The importing countries are reported to have agreed to import set quantities of wheat each year, and the exporting countries to export set quantities; within certain price limits. A country which has bought or sold its quota at the fixed price to be free thereafter to buy or sell at world market rates.

The highest price suggested at the conference was \$1.80 cents per bushel, the lowest 85 cents.

It will not be known until July 1st, how many countries will sign the agreement. A month later the signatories will decide whether enough have signed to warrant putting the agreement in force.

Argentina, which scuttled a former agreement in the between-war years, was represented at the conference just ended. What it will do will be awaited with wide interest because of its former action, and because its exports are normally large enough to hamper or even wreck the proposed new arrangement.

President Truman proposes amendments to the United States neutrality laws to put an embargo on arms exports to "unfriendly" countries. Another good way to make them "unfriendly."

The Regina Trades and Labor Council wants the city to build underground bomb-proof shelters in readiness for the third world war. Aren't we getting a bit too jittery?

And now Calgary people are upset because a hundred or so troops are to be reposted to Edmonton. It wasn't so long ago that a pacifist element in that city was clamoring to have them taken away.

Looking Backward

From The Bulletin Files

1887: 60 Years Ago

The Calgary Herald of a late issue devotes three columns of its valuable editorial space to wrestling with the proposition of its own making to remove the Indians from their present locations and concentrate them in one large reserve or Indian territory along the Red Deer river.

The time for commencing farming operations is at hand and there appears to be a general disposition on the part of the farming community to slacken in the work of increasing the area under cultivation. The reasons are that the prices realized for grain during the past two seasons were not satisfactory, and that the demand has been even less satisfactory than the prices—the farmer feels the world and the world is always hungry.

1897: 50 Years Ago

Conservatives fared disastrously in the Nova Scotia elections. Of thirty-eight seats Liberals captured all but three.

The British Yukon company is applying for incorporation.

A Simcoe man was hypnotized and buried, to be awakened three days later.

1907: 40 Years Ago

Ottawa: Mackenzie King, deputy minister of labor, left for Alberta to settle the coal strike.

Hon. Thomas Greenway presented to the House of Commons a report from the special committee investigating the complaint that several lumber associations in Western Canada are combines.

1917: 30 Years Ago

Wheat touched \$2.04 in the city, the highest price ever paid here based on world wheat markets. But the price is not the highest ever paid, for Henry Fraser says he paid \$5 for Red Fife No. 1 thirty-five years ago. This was for seed with which to sow his farm, now in the Norwood district. The price was due to the high cost of wagon freight from Winnipeg, and did not represent world values.

1927: 20 Years Ago

Ottawa: A flying expedition will be sent to study ice conditions in Hudson Strait.

New York: James Ramsay MacDonald, former labor premier of Great Britain, is a visitor here.

Nome: A search plane is being sent to look for Captain Wilkins and Carl Eason, leaders of the Detroit News Arctic flying expedition, who have been lost in Alaska's no-man's-land for eighteen days.

1937: 10 Years Ago

Headquarters staff of the Legion of Frontiersmen visited Gibbons, Alberta, as guests of Lieutenant-Colonel W. A. Rodger, DSO, MC.

Sudbury Tigers won the Allan cup by defeating North Battleford Beavers 5-2.

Mrs. Sebastian Crumback, Rimbye district pioneer, died.

Dr. W. A. Wilson's pointer, Row, won first place in field trials.

Break-up in the North Saskatchewan river ice at White Mud Creek, took place at 7:55 p.m.

THE UNSEEN AUDIENCE

by Webster

AFTER LISTENING TO COUNTLESS MYSTERIES ON THE AIR, IN WHICH WIVES MURDER THEIR HUSBANDS, IT IS NATURAL FOR A MAN TO BECOME SUSPICIOUS

Springtime in the Rockies

BY ELMORE PHILPOTT

Canada look pretty awful. But when a Canadian gets into Idaho he begins to feel at home again. For there are numerous bad spots—potholes and frost heaves—just as we have in so many parts of Canada.

Canada seems determined to discourage as many United States tourists as close to the border as possible. At least here in the Rockies the worst roads are closed to the United States. In the Windermere district they are not too bad.

THIS HOT POOL at Radium is destined to become one of the most famous tourist attractions in America. It is run by the Canadian government and operates all winter and summer. The water itself bubbles right out of the Rockies at about 118 degrees.

They mix it with enough cold water from the leaping Sinclair River which dashes pastingly past the concrete walls of the pool. The result is a magnificent outdoor swimming spot with really wonderful relaxing qualities.

The water has all sorts of radioactive properties—but I am not going to say much about that. Since the scientists began to uncover the secrets of radio-activities, I am not so sure I like them.

But it is really something to drive up to the pool, with clean snow in spots beside the road, and to see young deer browsing right beside the highway. They are either awfully dumb or awfully smart. Either their mothers never taught them the facts of life—to shun man like the plague, for he is the world's fiercest killer. Or their mothers were really up-to-date and said something like this:

"Play up there near the hot pool,

dearies. It's a game preserve, so no mean human can take a shot at you around there."

THE OLD SETTLERS around Radium cannot recall any time when deer went swimming in the hot radio waters. But they all vouch for this—that when wild ducks or other such birds meet with accidents, they have been known to invite themselves to the hot waters for the cure, and have never been known to pay the two bits admission which the government charges.

Scientific opinion seems to differ about the curative properties of these hot pools. But for relaxation and a contribution to the fun of life they surely can't be better.

Unless you have been to the outdoor pool while the cold wind—cold as Jack Frost's breath—cuts above it like a knife, you just can't believe what a sensation it is to lie in the warm waters and look up at the stars. I say "look up at the stars" because while the sun is really hot most people can't take too much of the combination of hot water and hot sun.

THEY TELL ME they expect a record year here—and I believe it. Winston Churchill is coming to this general area around June first, and springtime in the Rockies will call more and more people year after year.

Signed articles and columns on this page are the opinions of the writers and are not necessarily endorsed by the Edmonton Bulletin.

ly sixty per cent of the world's trade, there is every reason to hope that successes recorded here will be accepted by the rest of the United Nations. Despite all the exceptions and reservations included in the draft charter, the broad general principles have been agreed upon. No country will be expected to make unqualified concessions without receiving anything in return. The special position of nations with undeveloped economies has been recognized. No attempt will be made to rush the job and there is ample protection for countries suffering from war devastation.

SPECTACULAR NEWS need not be expected from the conference because tariff negotiations of necessity must be confidential and will take much time.

The Wheat Deal

BY CHESTER A. BLOOM

OTTAWA: The serious doubts which obsess the minds of many members of Parliament concerning the negotiations of a price for wheat during the final two years of the United Kingdom-Canadian wheat agreement were well illustrated in the debate on that subject in the Senate.

Senator J. F. Johnston, Bladworth, Sask., at one point stated that the contract is "for four years, as regards both price and quantity."

Senator Haig said there was nothing that bound the British. "My honorable friend" he went on, "says that they will keep their word, their word of honor. Well, they are going to make about \$150,000,000 this year on the deal. That will more than pay what will be required of them in the last year. If, as is probable, the price next year is as high as it is now, the last two years of the contract will not cost the British one cent."

SENATOR A. K. Hugesen, Montreal, contended that it meant the people of Britain would have to pay \$150,000,000 less than if they had to pay the market price. But they would still have to pay whatever price wheat is sold at in 1949-50.

Senator Salter Hayden, Toronto said that if the world price were higher than \$1.25 in 1948-49, there would be no problem; there would be a market for wheat; the United

Kingdom, he said, "will take it," adding, "at least at the minimum price."

"THAT IS WHAT I do not want to see happen" rejoined Senator Haig. "I believe that in the next four years the price will be higher."

Senator Hayden asked if the price should fall, did Senator Haig suggest that the government should "bolster the price to the Canadian farmers?"

"That is a condition we may have to face" said Senator Haig. (Copyright by The Winnipeg Free Press and The Edmonton Bulletin.)

Bringing Them Together

BY HARPER PROWSE, M.L.A.

The announcement that National Employment Service is once again requiring employers to list their unfilled job vacancies with them opens up a field for useful and interesting speculation. Their action is necessitated not only by a desire to be able to offer applicants for employment as many opportunities as possible, but by the fact that the proper functions of the Unemployment Insurance Commission requires that men should not be sitting idle drawing unemployment insurance when there is useful work they could, and should be doing.

I BELIEVE most people will agree that the NES serves a useful purpose in our society. As a clearing house for both jobs and workers it can, if it receives proper co-operation from employers insure that we are making the best possible use of all our available supplies of labor all the time. It is, I believe, more desirable that there should be some central agency such as this where persons can seek employment rather than to leave to the individual person the task of trying to find for himself unaided the job he is qualified to work at. Those who remember the dreary and disappointing days when streams of men slowly made their way from office to office seeking work will appreciate this.

It should be kept in mind that the purpose of NES is not to usurp from the individual his right to

seek employment. The purpose is merely to prevent the confusion of the past where on the one hand you had men looking for work—often in places where no employment opportunities existed, and on the other hand you had employers seeking employees—often in places where nobody was seeking work. It is still the right and duty of the individual to seek employment and the right and duty of the employer to seek employees. The existence of NES merely provides both of these classes of people with the opportunity of having a common meeting place where they can get together.

IN OTHER WORDS, NES is not there to employ people or to fill employment vacancies. It is there merely to tell job-seekers where they can expect to find employment and to provide employers with prospects from whom they can pick the man they want for any particular job or group of jobs.

There is a tendency for people to think that NES's job is to provide employment. From this it is easy to get the idea that it is the duty of the state to provide employment. Actually the duty of state under a private enterprise system extends only to the point that it is sound business to assist those who need jobs to find them and to assist those who need workers to find them. This is the task which NES is trying to perform.

The Unheard Virtue
New York Herald Tribune
The United Nations Trusteeship Council was mulling its rules of procedure on Thursday, when Sir Carl Berendsen, of New Zealand, an earnest investigator, discovered one proposed rule which he said contained somewhat terrifying implications.

Under the draft rule, a member of the United Nations which has proposed an item for the agenda shall be entitled to have a representative present who "shall be heard." Sir Carl drew back. That language, he said, carries "an implication there that the gentleman in question must speak whether he has anything to say or not." And he implored: "If any person present at this body has nothing to say, then clearly the most efficient and kindly thing to do is to refrain from saying it."

As wielders of words, we can agree only too heartily with the man from down under. Too often the flow of words in this sorry world turns into a morass amid which the best of deeds eventually founder.

There are few enterprises more "private" than the family farm and that is one plank in the CCF platform.

The farmers of Western Canada begged the government after the First World War, to continue the wheat board. But they threw us into the pit for the Bulls and Bears.

We see how the government after the First World War, through the S.S.B., controlled four-fifths of the veteran settlers off their land. It is only where private enterprise or co-operation are inadequate to handle the situation or are not quick or powerful enough as in the case of monopolies that the CCF advocates government ownership or control.

ALL PROFITS FOR POLICYHOLDERS

Announce Cabinet Action

Gouzenko Made British Subject

OTTAWA, April 16, —(CP)—Igor Gouzenko, the stocky little Russian cipher clerk who pulled the trigger on Canada's Soviet spy inquiry a year ago, has been made a British subject by cabinet action, a high government spokesman disclosed last night.

THIS SOURCE SAID the cabinet action was taken three or four weeks ago.

It was understood Gouzenko applied for Canadian citizenship, which would be a natural step if he desired to stay in Canada.

The spokesman said Gouzenko long ago expressed a wish to become a British subject and a Canadian citizen and, in the circumstances, cabinet action was the only way in which this desire could be achieved.

"This man had done a great service to Canada," the spokesman continued. "The cabinet considered the matter and decided no harm could be done by making him a British subject."

"ACTUALLY, it is an act of the sovereign as the sovereign has the prerogative of conferring citizenship on anyone he may wish to take as a subject."

Another source said he became a British subject under an act entitled The Letters of Denization—an act of the sovereign. Canadian citizenship then would follow, if he so desired.

In September, 1945, Gouzenko fled the Russian Embassy here with documents which became the basis for a Royal Commission espionage investigation that involved 21 persons.

GOUZENKO SAID in an article appearing in the May issue of the picture magazine New World that eight Russian spy rings exist in Canada.

He said there were three mil-

ONE MINUTE NEWS

ABOUT

JOHNS-MANVILLE

How Insulation

Pays for Itself

Suppose you spent a hundred dollars on furnace improvements and in one year found you'd saved fuel to the tune of one hundred and eighty dollars. Wouldn't you think it a worthwhile investment?

Well, that's the experience of one large industry. Seventeen hundred dollars, put into Johns-Manville boiler and pipe insulations, netted fuel savings of more than two thousand dollars the first year alone.

To help cut fuel costs for industry, Johns-Manville has developed insulating materials which control temperatures from 400 degrees below zero way up to 2800 degrees above. And back of this ability to meet every insulation need is Johns-Manville's 80 years of manufacturing experience.

If you have an insulation problem in your plant, get in touch with Johns-Manville, 156 McPhillips Street, Winnipeg.

Minister Accepts Challenge By CCF

OTTAWA, April 16—(CP)—Labor Minister Mitchell yesterday accepted a challenge from Claire Gillis (CCF—Cape Breton South) to have the federal government transfer 2,200 jobless war veterans from Cape Breton Island to sections of Canada where work is available.

THE NOVA Scotia member, speaking on second reading of the government's omnibus control bill, declared there were 2,200 unemployed men on the island who were veterans of the Second World War and many of whom never had a job in their lives.

"If the government will pay their transportation," he said, "I will send 2,200 ex-servicemen tomorrow to any part of Canada where jobs are available."

"I will take you up on that," Labor Minister Mitchell interjected.

"All right, you get the jobs for me," Mr. Gillis replied. "If the government will provide transportation and employment—I am not quibbling now—I will send a wire tonight and have a mobilization of these people. They will take the work."

There was no further discussion on the transfer question, but Mr. Gillis told the house he would take it up later with the minister.

Duke of Windsor Helps With Fire

NEW YORK, April 16—(AP)—The Duke of Windsor turned volunteer fireman for a few minutes early today when fire swept a bedroom and boudoir in the suite of Baron Egmont van Zuylen in the last apartment of the Waldorf Astoria hotel. The duke helped hotel firemen stretch hose lines.

Actress Divorced

LOS ANGELES, April 16—(AP)—Jane Frazee, 27, comely feminine star of western movies, won an uncontested divorce yesterday from screen writer Glenn Tryon, 47, of Carlsbad, Calif. She told the judge: "He was jealous of everything I did."

Bridge

By William E. McKenney

One of the hardest things for the beginner at contract to learn is to watch the drop of the cards. The good player, realizing that his opponents are watching the drop of the cards, will sometimes false-card when discarding, to throw the others off the track.

Dr. D. C. Montgomery, Jr., of Greenville, Miss., sent me today's hand. While we usually finesse the queen or jack, or sometimes the nine, in this hand Dr. Mont-

Opening—4			16		

gomery had to finesse the four-spot. He did it safely because he had watched the drop of the cards. He won the opening spade lead with the king, and as you can see, there actually were only nine tricks in sight.

The ten of hearts was won in dummy, West having covered with the jack, and East dropping the seven. A club was returned which the doctor won with the queen, and the nine of hearts was led. Once again West covered, the trick was won in dummy with the ace and East played the eight, making dummy's six-spot high.

To get ready for the squeeze, declarer now led a small spade from dummy and let East's jack hold the trick. East returned a diamond, dummy's ace won, a club was led and declarer cashed the ace and king of clubs. When this suit failed to break, the high spade was cashed and the deuce of hearts led. West played the three, and dummy's four was finessed.

When the six of hearts was led, East had to let go a diamond in order to protect the club. The doctor discarded his deuce of clubs, and now West was squeezed. If he did not keep the queen of spades, dummy's seven would be good, so he too let go a diamond, and the doctor won the last two tricks with the king and five of diamonds.

Shoot Your Piles

Of course you can't shoot Piles with a rifle, but within a few minutes after the first use with special gun-like applicator **Chino-Raid** you'll start fighting the symptoms of piles in 3 ways: 1. Soothe and ease pain and itching. 2. Help shrink sore, swollen tissues. 3. Remove irritating, itching, burning, and irritating irritants from the anal area. **Chino-Raid** is the only Pile medicine that kills the parasites while they work. Get **Chino-Raid** from your druggist today under positive guarantee of satisfaction or money back. Don't suffer another day without fighting your Pile misery with **Chino-Raid**.

3 Woodward's DAY ... Bedding Event

STORE HOURS 9.30 a.m. to 5.30 p.m. — PHONE 22181

Thursday, Friday and Saturday.

Spring Filled Mattress
Fine quality mattress, guaranteed to give satisfaction. Fine quality cotton felt and durable ticking. Economically priced.
A WOODWARD'S SPECIAL \$19.95
A few Simmons mattresses are still available at the price prevailing before the recent increases.

Layer Felt Mattress
This mattress is styled to assure a perfect night's rest. It is well made and will remain comfortable for years. A Woodward's SPECIAL \$13.95

Camp Cot
Folding camp cot - hardwood frame, durable fabric surface. Folds into very small space.
A Woodward's SPECIAL \$3.98

Folding Steel Cot
A strong frame and spring. Durable yet economical, this cot is very handy for camping and where bedroom space is limited.
A Woodward's SPECIAL \$5.95

2, 6" Institution Bungalow Bed
Two feet, 6 inches wide - a 2-inch post bed, styled with strong springs and a top quality institution mattress in the best of ticking.
A WOODWARD'S SPECIAL \$28.50

Steel Beds
Here is a selection of steel beds - styled to suit everyone's taste and pocket. Durability and pleasing lines combine to give you real value in these items.
At Woodward's:
Walnut, 2" post bed with large panel \$13.50
Moulded tubing, grained walnut finish and attractive panel \$15.95
Full Panel, beautifully styled \$21.50

Ribbon Slat Spring
All steel ribbon slat spring in double bed size only. Selling during this three-day event at a real saving. A Woodward's SPECIAL \$9.50

Re-stock Your Bedding Supplies For Spring

Bleached Sheets
Muslin sheets, smooth even weave - strong and sturdy to give long wear. Finished with deep plain hems. At Woodward's:
Size 81 by 108 inches, pair \$6.85
Size 72 by 108 inches, pair \$6.35
Muslin pillow cases to match 42 inches wide, pair \$1.45

Hemstitched Sheets
Bleached sheets, closely woven from selected cotton yarns. Double tie selvages to give longer wear. Neatly hemstitched.
At Woodward's:
Size 72 by 108 inches, pair \$5.98
Size 63 by 108 inches, pair \$5.75
Hemstitched pillow cases to match 42 inches wide, pair \$1.98

St. Mike's Puckmen Crush Canucks 12-3

WINNIPEG, April 16 —(CP)— Toronto St. Michael's, living up to all advance notices, routed Moose Jaw Canucks 12-3 before 5,000 fans here last night in a ragged one-sided contest which opened the best-of-seven series between them for the Memorial Cup and the Canadian junior hockey championship.

Making their third try in three years for the coveted crown the Toronto team outskated, outpassed and outplayed Canucks for the greater part of the game. The Irish banged in the first counter before the game was two minutes old and never were headed although Canucks finished the first period only one goal down.

THROUGHOUT, the powerful skating and well-planned and coordinated defence, the lagging, and at times disorganized Canucks' rearward allowed flying Irish forwards to roar in almost unopposed time after time on the hapless Bev Bentley in the Moose Jaw goal.

The rout was not of his making. LES COSTELLO led the Toronto marksmen with three goals, two of them only seconds apart in the second period, and Fleming Mackell—fastest man on the ice—who did everything Metro Prystai is supposed to do but a little better—and S. Harrison scored two each.

Bob Paul, Rudy Migay, Ben Wolf, Jack McLellan, Len Kelly added the others.

The three Moose Jaw goals, all in the first period, went to Harvey Stein, Angus Juckes and Herb Lovett.

ALTHOUGH THE IRISH bogged up with only a 4-3 margin at the end of the first—at one stage they had a 3-1 lead—they were threatening continually to double it. But actually Canucks could

Davis Cup Play

PARIS April 16 (AP)—France and India will open the European eliminations in Davis Cup play at Roland Garros Stadium here May 4 during the 11-day Paris lawn tennis championships. It will be a second-round match, the two teams having drawn byes in the first round.

Juniors Seek Arena For Sunday Hockey

A wide variety of hockey discussion took place at an Edmonton and District Hockey Association meeting called by president Art Potter last night, but little could be done in the way of making plans for the 1947-48 season due to lack of club representatives.

Only two junior clubs, Canadians and Maple Leafs, were represented.

It was decided, however, to approach the Exhibition Association again with the view of staging Sunday hockey at the arena, to help the junior league financially and due to the fact more playing time will be needed in order to operate a junior "B" league. The junior "B" circuit played its games at theVarsity rink last season, but that ice will not be available to the "B" league next season.

THE MEETING discussed the Alberta H. key Association constitution and recommended a few changes.

It was suggested that "no member of the executive committee (AHA) shall be directly or indirectly connected with any team of an organization sponsoring clubs," to replace the rule that now states a member of the play-off committee should not be connected with a team involved.

The AHA will also be asked to make an addition to the constitution stating "that where an odd game is necessary in any playoff series, same will be played on neutral ice unless by written mutual consent of both clubs participating."

IT WAS ALSO decided by the meeting to make an official protest voicing the disapproval of the Edmonton and District Hockey Association of no game in Edmon-

HEAD NEW BALL LOOP: Henry J. Roche of Edmonton (left) and Dr. J. H. Birch of Calgary, will direct the Big Four Inter-City Baseball League. These men, both with many years' experience in baseball affairs, have been named president and vice-president respectively, of the circuit which expects to provide high class ball for Edmonton and Calgary this coming season. Edmonton's teams, Cubs and Eskimos, are being sponsored by Frank Wolfe and Brant Matthews, while Purity 99 and Buffaloes are the Calgary entries.

Robinson Makes Debut

Major League Ball Off to Flying Start

NEW YORK, April 16 —(AP)— On eight fronts baseball got off to a roaring start. And Montreal's gift to Brooklyn Dodgers, negro Jackie Robinson, made his official debut yesterday as a Dodger player an auspicious one by sprinting home with the deciding run. He didn't get a hit but he played perfect ball at first base.

Elsewhere the opening highlights were these:

The world champion St. Louis Cardinals lost, Boston Red Sox won. Hank Greenberg doubled in the winning run for Pittsburgh Pirates. Hal Newhouse pitched a shutout and Bobby Feller lost his opener.

NEW YORK YANKEE president Larry MacPhail also stole into the picture by writing American league president William Harridge to ask for a reconsideration of penalties against Leo Durocher, banished manager of Brooklyn Dodgers, and suspended Yankee coach, Charley Dressen.

A total of 244,698 fans witnessed the eight inaugurals with 115,276 sitting in on the four National League games to establish a record for opening day attendance in the senior circuit. The former mark of 114,304 was set in 1928.

The Cards dropped a 3-1 game to Cincinnati Reds at Cincinnati as lanky Earl Blackwell limited the Red Birds to three hits while the Reds clipped Howie Pollet and Ted Wilks for nine including a round tripping by Eddie Miller in the seventh inning.

AT CHICAGO Greenberg broke up a pitcher's battle between Pittsburgh's Rip Sewell and Chicago's Hank Boroway by doubling home the only run of the game in the sixth inning to provide the Bucs with a 1-0 victory.

Dodgers came from behind to defeat Boston Braves, 3-2, with a three run seventh inning rally highlighted by Pete Reiser's two-run double. The American League's defending champion Red Sox outslugged Washington Senators 7-6 in Boston. Joe Cronin's squad rapped Early Wynn for 15 hits including a home run by Ted Egan and four doubles. The Sox scored their winning run in the eighth inning after the Sox had leaded the count in the top half of the frame with a four run rally that drove starter Tex Hughes from the hill.

LARGEST CROWD of the day, 55,014, was in Cleveland's municipal stadium but southpaw Ed Lopat of Chicago White Sox spoiled the record by outpitching Rapid Robert Feller 2-0. Lopat gave up six hits while Feller was touched for nine.

AT ST. LOUIS Detroit's Newhouse blanked the Browns 7-0 on four hits before the smallest crowd of the day, 4,242, while in the other American League game, Phil Marchildon, Pennington, Ont. hurled Philadelphia Athletics to a six-hit, 6-1, victory over New York Yankees in Yankee Stadium.

In the remaining National League encounter, Philadelphia Phillies rewarded the largest opening day turnout in their history, 27,203 fans, by coming from behind to beat New York Giants 4-3. Schoolboy Ross went the route for the Phils dishing out but

Inter-City Baseball Commences May 16

Cubs, Eskimos Edmonton Clubs In New Circuit

Inter-city baseball operating under a regular schedule comes back to Edmonton and Calgary this season, after being dormant since the Western Canada pro circuit functioned during the early 20's.

The Big Four Inter-city Baseball League, formation of which was announced Tuesday and which will open May 16, will be comprised of four clubs, two from both Edmonton and Calgary. And for the first time in the history of the game in Alberta, night ball will become a reality, provisions having been made for the installation of electric lights at both Renfrew and Buffalo parks.

HENRY J. ROCHE, long associated with baseball in Edmonton, has been named president of the new league, and Dr. J. H. Birch, highly respected Calgaryian whose executive experience goes back to the days of Joe Devine's Calgary Bronks of the old western loop, will occupy the position of vice-president.

President Roche's connection with the game in Edmonton dates from 1919, in which year he handled the Knights of Columbus entry in a strong four-team group operating at Diamond Park. He also was largely instrumental in the construction of Renfrew Park, which opened in May, 1933 and which is rated the finest ball plant in Canada west of Toronto.

THE HEAD of the Big Four was vice-president of the first league which used Renfrew Park, being associated with Frank Hughes and Clarence Campbell, the latter now president of the National Hockey League.

Dr. Birch, one of Calgary's old-timers, as president of the Bronks saw such players as Milt Steinfeld, "Chicken" Hawke, and other graduates to the majors, and helped provide Calgary's own twist, Lewis brothers—Dodger and Frank—with an opportunity to play organized ball. Dr. Birch also headed the Calgary Artificial Ice Co. (Victoria arena) for some nine years and for a long term served as examining physician for the Calgary Boxing and Wrestling Commission.

EDMONTON'S BIG four teams are being sponsored by Frank Wolfe of Edmonton Motors and Brant Matthews of New Edmonton Hotel, both prominent city sportsmen. Wolfe's squad will be known as the Cubs, while Matthews' hotelmen will stick their Eskis label to the 1946 season.

Calgary entries will carry the banners of Purity 99 and Buffalo Athletic Club. Harold Cundall will operate the Purity 99 franchise and Sam Timmins and associates will control the Buffaloes.

BIG FOUR SCHEDULE will consist of 144 games, each club being called upon to play 72, including 48 purely inter-city fixtures, and while the opening date for Edmonton is Friday, May 16, the Calgary games will not get underway until a day later. The schedule finishes August 17.

The May 16 opener will find one of the Calgary teams at Renfrew park and Vice-president Birch will be taking a prominent part in the opening ceremony. President Henry Roche will be on hand in Calgary as the league shoves off in the foothills city.

THE NEW LEAGUE is really the outgrowth of a series of successful inter-city clashes last summer and which was followed by the Alberta championship playoff won by Edmonton's Army and Navy Cardinals.

Prominently associated with the formation of the new Big Four loop are such men as Harold Cundall, Sam Timmins and "Jap" Williams, while Edmonton's interests have been well looked after by John Ducey and John Beatty, lessees of Renfrew Park.

And most of the "spade work" in connection with the formation of the league was done by these five gentlemen, who along with Sponsors Frank Wolfe and Brant Matthews, together with league officials, are out to provide the fans in both cities with baseball of top-flight quality.

Although the lights in Renfrew Park will not be available for the opening game, it is anticipated installation will be completed shortly after the commencement of the schedule. In the meantime, the league will benefit from daylight saving in both cities.

Apps' Overtime Goal Beats Canadiens 2-1

Leafs Now Up 3-1

TORONTO, April 16 —(CP)— A backhand shot by Captain Syl Apps in a sensational lone effort in overtime gave Toronto Maple Leafs a strangehold on the Stanley Cup and hockey's world title when they defeated Montreal Canadiens 2-1 Tuesday night.

The verdict gave the Leafs three victories to one for the Canadiens in the best-of-seven game series. The defending champions, to retain their laurels, must win three straight games, facing the first test in Montreal Thursday night.

A CROWD OF 14,527 fans saw one of the finest goaltending battles in National League playoff history as Turk Broda, hero of the Leafs, and Bill Durnan fought valiantly between their respective posts after the teams each scored a goal in the first period.

The champions held a territorial play advantage in the extra session when Apps brought play to a dramatic close.

AFTER HARRY WATSON missed the net on his own rebound, Apps battled for the puck behind the Montreal net, brought it around in front and flipped a backhander for the clincher. After most fans left the rink, the official scorer credited Watson with an assist.

TORONTO—Broda: Bogsch, Barilko; Kennedy; Meeker, Lynn, Suba; Apps, Einiemi, Watson, Folie, D. Metz, Stewart, Klukay, Stanowski, Thomson, Morrison.

MONTREAL—Durnan; Reardon, Bouchard, O'Connor, Richard, Blake, Suba; Chamberlain, Peters, Fulton, Harmon, Leger, McKay, Gravelle, Quilty.

Referee—Chadwick. Linesmen—McCabe, Young.

FIRST PERIOD: 1—Montreal, Harmon (Blake) 4:30; 2—Toronto, Watson (Apps) 8:12.

Penalties—Stewart, Reardon, Lynn, Einiemi, Barilko, Lynn (misconduct), Gravelle, Bouchard.

SECOND PERIOD: Scoring—None. Penalties—Chamberlain (3), Thomson, Reardon (misconduct), Einiemi.

THIRD PERIOD: Scoring—None. Penalties—Meeker.

FIRST OVERTIME PERIOD: 3—Toronto, Apps (Watson) 16:38. Penalties—None.

There were no objections from the crowd of 10,700, who paid as high as \$21 (\$84) for ring-side seats.

Gate receipts were estimated at around \$50,000 (\$200,000)—a British record for a fight.

Central-Legionnaires football club will hold a practice at Prince of Wales Armouries at 8 o'clock tonight. All members of last year's team and others interested are invited.

All players interested in trying for a place on the Precision Machine football team are asked to attend a practice at Victoria Hi tonight at 6:30.

OMAHA WINS 2-1

KANSAS CITY, April 16 (CP)—Don Morrison's overtime goal gave Omaha a victory in the best-of-seven United States hockey league final as they defeated Kansas City 2-1 last night to trail the series, three games to one.

Penalties—Morrison, Reardon, Lynn, Einiemi, Barilko, Lynn (misconduct), Gravelle, Bouchard.

THIRD PERIOD: Scoring—None. Penalties—Meeker.

FIRST OVERTIME PERIOD: 3—Toronto, Apps (Watson) 16:38. Penalties—None.

There were no objections from the crowd of 10,700, who paid as high as \$21 (\$84) for ring-side seats.

Junior Soccer Loop to Have Least 3 Teams

At least a three-team city junior soccer league will operate at Clarke Stadium this summer, it was decided last night at an Edmonton and District Football Association meeting held in Earl Samis' office. Tom Green, president, was chairman.

DEFINITE ENTRIES were received from Cloverdale, Maple Leafs and Highlands Buffaloes. Possibility of an entry from the South Side was learned at the meeting, which may increase the league to a four-team loop.

R. J. Gray will handle the Cloverdale team, a new entry this year, while Harry Skidmore and Jimmy Anderson will be in charge of the Highlands Buffaloes and Angus Parks and Bob Stewart will handle the Maple Leafs.

It was decided at the meeting to have each club name a representative to the senior football council who would act as directors of the junior circuit under chief director Earl Samis. The league will be governed by the senior council.

It was proposed to schedule games on Tuesdays and Thursdays and it was decided to open around May 24. Other clubs seeking entry in the junior loop are asked to contact Earl Samis.

Attending last night's meeting were: Tom Green, Earl Samis, R. J. Gray, Harry Skidmore, Angus Parks, R. McLellan.

Hershey Captures American Title

HERSHEY, Pa., April 16 (CP)—Hershey Bears won their first American Hockey League championship Tuesday night when they defeated Pittsburgh Hornets 5-0 in the seventh and deciding game of the best of seven playoff finals for the Calder Cup, emblematic of league supremacy.

It was the first time in nine years of professional hockey that the Calder Cup has come to Hershey. It was the fifth shutout for Gordie Henry in the Bears' net during the playoffs.

OLYMPICS WIN

BOSTON, April 16 (CP)—Boston Olympics pulled farther ahead in their United States Amateur Hockey Association final series against Los Angeles Tuesday night by defeating the Monarchs 6-4 to take a 2-0 lead series with one game tied.

Agar and Chad Will Be Playing

Wires received from George Agar and Johnny Chad yesterday removed any doubt there might have been that these two American League performers would be able to reach Edmonton in time for Saturday night's EAC annual exhibition hockey game.

Agar, who wound up the season with Buffalo Bisons, wired Dr. R. Clare, EAC president, from Minneapolis to the effect he would be here Thursday, while Johnny Chad sent word from Prince Albert that he would arrive a day or so ahead of the game.

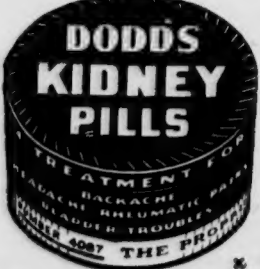

DR. CLARE, however, did admit being worried more than a little about Morey Rimstad. It seems it's just impossible to get in touch with Morey by phone or wire, for the St. Louis Flyer retires to his fur farm in the Lac la Poudre district for the summer months. However, other means of getting a message from Rimstad are being used.

Practices for Saturday's game will commence Thursday, the arena having been secured for a workout from 7 to 9 o'clock that night.

Leaf Practices

Maple Leaf Athletic Club soccer and baseball teams will hold workouts on Sunday at Clarke Stadium (east field). The soccer players will practice at 10:30 o'clock and the baseball workout will commence at 12 noon.

Here's How Film Stars Glamorized

LOS ANGELES, April 16 (AP)—Inside tips on how film stars are glamorized with such articles as tape, grease paint and toupees, have been made a public record by a group of makeup men.

Such disclosures as the fact that Frank Sinatra's ears were taped back for one film to hide "their handle cup appearance," were given in court testimony in which 42 makeup men are suing to obtain full membership in a film union.

"When the camera moves in on Frankie Sinatra for a close-up, there are beauty aids needed to correct certain defects not otherwise apparent to the fans," testified Jack Byron. Byron said it was also necessary to fill in Sinatra's face cavities with grease paint and shadow. He also told of his duties in fitting a toupee on the head of actor Leon Errol. Frank Fitzgibbon told of the difficulties Ingrid Bergman had in crying at the proper time for film scenes. This was solved by inducing tears with an inhaler tube containing menthol.

"She had been using an onion in the old country (Sweden) and it was a very touchy subject with her," he declared.

Milch Guilty Of War Crimes

NUERNBERG, Germany, April 16 (AP)—Field Marshal Erhard Milch, one of the builders of the German air force, was convicted of war crimes against humanity today by a three-judge American court.

SENTENCE WILL be "imposed tomorrow and the verdict could carry a hanging penalty. Judge Robert M. Toms of Detroit handed down the decision as Milch in a faded blue airforce uniform listened.

Milch, now 55, was convicted of taking an extraordinary part in the recruiting of slave labor for aircraft plants. This constituted a war crime, the tribunal ruled. The treatment of the slave labor, of which Milch had full knowledge, represented a crime against humanity, the opinion stressed.

Monarch Sinking
COPENHAGEN, April 16 (AP)—Attending physicians said today that King Christian had taken a slight turn for the worse. His temperature rose from 100 to 101. Four physicians examined the 76-year-old king in the afternoon.

Appeal to UN
HERFORD, Germany, April 16 (Reuters)—Ten thousand Jews housed in the Belzen displaced persons camp today appealed to the United Nations and Britain to allow them to go to Palestine.

Ainlay to Head New Highway Body

SASKATOON, April 16 (CP)—The Trans-Canada Highway System Association, Yellowhead route, was formed yesterday at a meeting of representatives of nearly a score of cities, towns and villages in the three prairie provinces.

THE OBJECT of the association is to promote construction by the federal government of an all-weather highway from Winnipeg to Vancouver, with a branch to Prince Rupert, via Saskatoon, Edmonton, Jasper and Yellowhead Pass.

Mayor Harry Ainlay of Edmonton was elected president, Angus W. MacPherson, mayor of Saskatoon, vice-president, and E. T. Love of Edmonton, secretary.

Directors were appointed to act in each of the four western provinces, each group to be responsible for complete organization and operation of a campaign in its province. The directors are: Saskatchewan, Mayor MacPherson, Saskatoon, J. G. Matheson, Yorkton; W. K. Stanley, North Battleford; Manitoba, J. T. McCool, Minnedosa, N. Braendle, Binscarth; Alberta, Mayor Ainlay, Edmonton, O. C. Olson, Jasper, E. T. Love, Edmonton; British Columbia, Mrs. N. E. Arnold, Mayors of Prince Rupert, J. Kuffa, Blue River. One other director will be named later for both Manitoba and British Columbia.

Gouzenko Claims Meet Flat Denial

TORONTO, April 16 (CP)—The Canadian Aid to Russia Fund issued a statement last night emphasizing that all its monetary collections were spent in Canada, the United States and Britain for purchases of relief supplies delivered to Russia.

THE STATEMENT flatly denied charges by Igor Gouzenko in an article in the May issue of "New World" that monies collected by the fund eventually went to Soviet agents in Canada. "No cash whatsoever was at any time delivered to anyone representing or associated directly or indirectly with the Soviet government," said the fund statement. A month after its closing, the fund published an audited statement Dec. 30, 1946, showing supplies totalling more than \$14,000,000 were shipped to the USSR for relief of war sufferers.

Only One Nominee For Regina Tories

REGINA, April 16 (CP)—Regina Progressive Conservatives will field only one candidate in the two-seat Regina riding in the next provincial election. It was decided at a Progressive Conservative meeting here. The resolution, passed unanimously at the meeting attended by some 150 association members, left the way open for a Liberal-Progressive Conservative coalition against the CCF here. Early last month at a meeting of "representative" Liberals and Progressive Conservatives it was resolved that "concentrated action by all citizens is desirable to supplant the present CCF government by a democratic one."

Britain "Unable" To Defend Empire

LONDON, April 16 (CP)—Viscount Bennett, former prime minister of Canada, told the Women's Advertising Club of London yesterday that Britain could no longer defend the Commonwealth of nations. "This means there must be a common defence policy and a common purpose," he said. "It is clear that one of the Dominions is content to shelter behind the ministering arm of Uncle Sam. We in this country must see to it that the senior partner—this is your country—must call on an imperial conference."

Adjourn Debate On Outlaw Bill

OTTAWA, April 16 (CP)—Wilfrid Lacroix (L-Quebec Montmorency) last night asked the Commons to support his bill which would outlaw the Labor Progressive Party and Communist organizations in Canada, but Justice Minister Hiley asked that the debate be adjourned until he studied the legislation. Mr. Lacroix said he had no objection to the minister postponing the debate.

Five-Year Term For Stealing \$3

TORONTO, April 16 (CP)—For stealing \$3, John Derazio yesterday was sentenced to five years in penitentiary. The conviction was his 12th. "You apparently are a persistent criminal," Chief Justice J. C. McRuer told Derazio.

FRENCH IMPORT: Corinne Calvet, 26, French film star, arrives in Hollywood.

To Drill Wells Blackfoot Land

CALGARY, April 16 (CP)—The Blackfoot Indians will have their first chance to participate in the oil business in Alberta when several independent companies join shortly in the drilling of Crowfoot No. 1 on the Blackfoot Indian reserve.

OTHER TRIBES have had wells drilled on their reserves, but so far without success. This will be the first chance for oil riches for Blackfoot Indians. The entire reserve 174,560 acres is held under lease by the Globe Oil Syndicate, Clifton C. Cross of Globe Oil, said Tuesday morning. Several independent companies will participate in the first test of the Indian land lying between Bassano and Gleichen. Among them are Globe Oil, 20 per cent, Calmont Oil, 20 per cent, Princess Petroleum, 20 per cent, Gateway Oil, 10 per cent, Phillips Petroleum, five per cent. Other individuals own the balance of the interest.

THE WELL WILL be about seven miles southwest of Bassano near the Bassano Bow River dam.

Ask Reopening Haines Cutoff

SEATTLE, April 16 (AP)—Closing its two-day session here yesterday, the Pacific Northwest Trade Association decided to appeal through its Canadian members to the government at Ottawa to reopen and maintain the Haines Cutoff, which connects the Alaska port of Haines with the Alaska military highway in the vicinity of Champagne, Y. T.

THE RESOLUTION called for a meeting of the American and Canadian governments to work out a joint maintenance plan in which some of the cost of the maintenance of the highway in Canada likely would be borne by the United States.

Canadian members will ask Ottawa that a customs office be established at Dawson Creek, B.C., to supervise the transfer of in-bound Alaska-bound freight from railroad cars to trucks.

Britain "Unable" To Defend Empire

LONDON, April 16 (CP)—Viscount Bennett, former prime minister of Canada, told the Women's Advertising Club of London yesterday that Britain could no longer defend the Commonwealth of nations. "This means there must be a common defence policy and a common purpose," he said. "It is clear that one of the Dominions is content to shelter behind the ministering arm of Uncle Sam. We in this country must see to it that the senior partner—this is your country—must call on an imperial conference."

Adjourn Debate On Outlaw Bill

OTTAWA, April 16 (CP)—Wilfrid Lacroix (L-Quebec Montmorency) last night asked the Commons to support his bill which would outlaw the Labor Progressive Party and Communist organizations in Canada, but Justice Minister Hiley asked that the debate be adjourned until he studied the legislation. Mr. Lacroix said he had no objection to the minister postponing the debate.

Five-Year Term For Stealing \$3

TORONTO, April 16 (CP)—For stealing \$3, John Derazio yesterday was sentenced to five years in penitentiary. The conviction was his 12th. "You apparently are a persistent criminal," Chief Justice J. C. McRuer told Derazio.

Slash Estimate On CPR Standing

OTTAWA, April 16 (CP)—The Canadian Pacific Railway yesterday chopped more than \$100,000,000 from a provincial council's estimate that its financial position had been improved by \$222,000,000 between 1939 and 1947.

AN EXHIBIT filed with the Board of Transport Commissioners by S. J. W. Liddy, CPR assistant comptroller, declared betterment in the company's status actually amounted to \$119,984,000. The figures were placed on the record in reply to a question March 20 by British Columbia council C. H. Locke, who had suggested the larger amount.

Mr. Locke's proposition was aimed at countering the railways' claims of urgency in disposing of their current application for 30-per-cent general increases in freight rates, before the board since Feb. 11.

EXPLORING further into the financial resources of the Canadian Pacific, Mr. Locke suggested yesterday that a C.P.R. balance sheet figure of \$70,379,000 in stocks and bonds of controlled companies was made up partially of stocks valued by the company at \$36,466,000 but which had a current stock market value of \$150,769,000. The balance of \$33,912,000 was unlisted.

Flood Threatens In Manitoba

WINNIPEG, April 16 (CP)—Low-lying farm homes along the Assiniboine river west of here were threatened with flood conditions today as the rising river splashed over its banks in spots and covered farm lands and mud roads.

TONS OF ICE jamming the river at Assiniboine Haven, about 22 miles west, caused the waters to spill the banks at Poplar Point and at the Macdonald cut-off.

Rising flood waters threatened bridges across the Assiniboine river between here and Portage la Prairie, 34 miles west of Winnipeg, in spots being only one foot below the bridge level.

Traffic along the trans-Canada highway was uninterrupted, however, and public works officials did not expect the river to reach a height where traffic along the main artery would be stopped.

City Men Graduate From U.S. Varsity
Announcement that two Edmonton men had graduated from Stanford University at the end of the winter term, March 31, was made recently by President Donald B. Tressider. The city graduates were J. E. Whealey, who received

Tories Nominate For Halifax Vote

HALIFAX, April 16 (CP)—A six-foot Cape Bretoner, making his first venture into the political ring, Alexander A. (Big Alex) McDonald, was nominated last night by a Progressive Conservative convention to contest the Halifax House of Commons seat left vacant last November by the death of W. C. MacDonald, Liberal member. For the by-election no writ has yet been issued. The CCF has nominated H. L. Macintosh, a Halifax carpenter.

the degree of master of science in the school of engineering, and John William Gilles, who was made doctor of education.

Specimens of Douglas fir trees have been found in Canada which are believed to be more than 700 years old.

Missionaries Return From Service in China

STONY PLAIN, April 16—After having spent almost eight years in China, where they were engaged in missionary work under the China Inland Mission, the Rev. Donald and Mrs. Cunningham arrived here last Sunday night. This is their first furlough since they left in 1930.

MRS. CUNNINGHAM (nee Irene Jepperson) has her parents in this district, while Mr. Cunningham's parents live in Edmonton. Mrs. Cunningham has a brother who just returned to China under the same mission. Mr. Cunningham has the unusual record of having all of his three brothers in the ministry as well. His brother Angus is a missionary in Brazil, James is a missionary in Cuba, while his brother John is a clergyman in Winnipeg, Manitoba.

Visitors to Stony Plain during the week were William Irwin of Winnipeg, Shirley Goshel of Edmonton, Miss Doris Henry, Norman Wudel, Tony Dermott, Mr. and Mrs. Norman Whitten visited with Mr. and Mrs. Ellis Johnson, Miss Phyllis Kreye is visiting with her parents Mr. and Mrs. A. Kreye.

Back from Sweden

MEETING CREEK, April 16.—Mr. and Mrs. Carl Lundell and Villa returned from Sweden, where they spent the winter. They reported the coldest winter Sweden has ever had. After landing in New Jersey they visited in New Jersey and Buffalo, upon arriving in Hamilton, Ont. they purchased a new car and finished the trip by car.

Gus Bergstrom has left for Bergna, Sweden, to visit his mother.

Killam Planning Memorial Rink

KILLAM, April 16.—In an effort to raise funds for a memorial rink the members of the Killam and District Board of Trade held an auction sale recently. \$300 was raised from the sale.

FEATURE of the sale was the high bid of \$30 placed by district farmer Oscar White, on an ordinary brass safety pin. The board hopes his example will be followed by other citizens as the campaign progresses.

J. Mulrhead of Sedgewick conducted the sale.

The new Provincial Treasury Branch building was opened on Tuesday, April 8, with former mayor J. Kortgaard being the first customer. The Bank of Montreal will resume business in their building which has been used by the provincial treasury for the last several years.

Frank Slavik, Viking, was the winner of the door prize, at the Easter dance sponsored by the Hospital Aid.

The members of the Killam Branch Canadian Legion held a social evening recently in honor of A. Lorenz and Tom Lawson, who will leave shortly to start business in other localities.

Lorenz in Lloydminster and T. Lawson in Mirror. Their many friends wish them every success.

Word has been received of the birth of a baby girl to Mr. and Mrs. Russell Fee of Arvida, Quebec, and formerly of Killam. Congratulations to the proud parents and grand-parents. Mr. and Mrs. A. E. Fee of Killam.

Town Secretary Bert Hayward made a trip to Edmonton last week to make arrangements for the use of a steam boiler to open up the Killam sewerage system.

The following were appointed to organize summer sports: senior hard ball, Hugh Vagt and Bill Bennett; junior hard ball, Russ Smith and Gordon Hilker; women's soft ball, Ed. Busse and A. W. Cyr.

Has No Knowledge Slaughter Quota

OTTAWA, April 16.—(CP)—Agriculture Minister Gardiner said yesterday in the Commons he knew nothing of reports that the government planned to place quotas on livestock slaughtering for domestic consumption. He was replying to John Diefenbaker (P.C.—Lake Centre), who read a telegram telling of a Sunday protest meeting in Winnipeg by wholesalers, processors and retail distributors.

saw logs they have taken out. Sid Smith and Herb Hientz and son, expect to have their logs sawed soon.

A shower was held recently for Mrs. Sam Robinson. H. Hientz and family have moved to their new home in Carrot Creek district.

Ships Coming from UK

To Stock Churchill For Grain Shipments

By Jack Aveson

WINNIPEG, April 16.—(CP)—The 2,500,000 bushels capacity terminal elevator at Churchill, Man., standing like a mediaeval castle on the bleak shore of Hudson Bay, will be teeming with wheat next August when the first ships arrive from the United Kingdom.

W. C. McNAMARA, assistant chief commissioner of the Canadian Wheat Board, told the Canadian Press today that the elevator would be full when the navigation season opened around Aug. 9. Just how much grain would be shipped out of the port this season he could not say.

The extent to which the port of Churchill would be used for grain shipments this summer was conditional on several factors, he said, the way the 1947 crop sized up, the length of the navigation season through Hudson Strait and the volume of grain which could be directed to the northern Manitoba port.

Mr. McNamara's assurance of the Wheat Board's support towards further use of the port was in line with endeavors of the Hudson Bay Route Association, which since 1923 has advocated greatly increased traffic there.

Frank Ellason, association secretary, said in a recent interview that every effort was being made

Texas Blast Kills Hundreds

(Continued from Page 1)

cities, augmented by highway patrolmen, police, sheriffs deputies, were helping maintain order as citizens walked about, dazed and stunned by the disaster.

Stone buildings in the centre of town were levelled, the Galveston Tribune said. Residents were being evacuated to avoid danger from further explosions.

Highways and causeways were blocked by Texas City residents who work in Galveston, rushing home to help.

People Walk in Daze

Police Chief W. F. Laddish of Texas City told Houston officers by telephone that people were walking the streets in a daze and that the Texas City Hall, a mile from the explosion, "was demolished." He asked for all possible doctors and nurses, even "just ordinary citizens, just so they have hands to help in rescuing the injured."

The extent of the explosion was indicated by a report from Palestine, Texas, 160 miles to the north. Mrs. J. C. Colwick, who lives on a hill near Palestine, said she heard the explosion and that the house shuddered twice as if there had been an earthquake.

Orange, 100 miles away, was rocked, as was Port Arthur where the blast was audible.

The blast scene was described as "awful" by a utility company official. He said the dead were so numerous "they have them out on the lawn."

Armed Robbery

(Continued from Page 1)

police, resulted in the arrest of the bandit.

Suchodolski began his activities about 10:20 a.m. Tuesday when he procured the revolver from Mrs. Charles I. Pokatilo, 12431 82 street, by telling her that her husband said it was alright for him to buy the weapon for \$15. This was denied later by Pokatilo.

POLICE VISITED Suchodolski's home and were told that he had left, presumably, for Vancouver. Before going police said he told his brother that he knew where to make some easy money at the coast.

Alex Moskalyk told police that the accused hired him about 1:30 a.m. and asked for a drive out to the Calgary Trail from where he was going to hitch a ride to Calgary.

The taxi driver said that when they arrived at about 55 avenue and 104 street, the accused ordered him to drive into a lane stating "I mean business." Moskalyk was then told to hand over his cash. The accused also opened the door and fired a shot out of the revolver into the ground.

MOSKALYK WAS ordered out of the vehicle and the accused drove away and abandoned the auto further down the highway.

All policemen on their beats were notified and given a description of the man. Then shortly after 4 a.m. Wednesday Constable Moore was just going home from duty, and was about to turn in to his frontgate near 81 street and 79 avenue when he recognized Suchodolski walking down the street. He immediately placed him under arrest.

Suchodolski told the magistrate that he did not know what made him do such a thing and stated that if he was given a chance it would never occur again.

Price of Soaps Won't Be Boosted

OTTAWA, April 16.—(CP)—For another two months "at least" the Canadian consumer will be able to buy his cake of soap without feeling the pinch of rising prices.

No "immediate rise" in the cost of soaps was foreseen today by prices board officials as a result of yesterday's announcement that producers are to get a 33-per-cent price increase for inedible animal fats. One of the main uses for such fats is in soap-making.

Strike May Close U.S. Steel Industry

NEW YORK, April 16.—(AP)—The Iron Age, authoritative journal of the steel industry, reported today a "50-50 chance" that the steel industry in the United States would be shut down by a strike May 1. Occasional negotiations between United States steel subsidiaries and union representatives since mid-January "have produced nothing," it said.

TO SAVE SILVER NEW DELHI (CP)—An amendment to the Indian coinage act authorizing the government to issue all coins, including the rupee, in any metal to conserve the silver reserve is being considered here.

The Scented Male

The most alarming news story of the past few weeks has come from Chicago. Says here that within the next five years men will be spending as much money on cosmetics as women.

A man identified as W. B. Woodward (I'll bet the "W" stands for Woodley or Webbley) has come right out and given this news, one hand on his hip, the other flapping loosely from the wrist.

"Men who used to steal their wives' face powder after shaving and douse themselves with rose-scented cologne are coming right out in the open now and buying cosmetics made just for men," this Woodward says.

We can't let this go by without some sort of protest, like throwing old powder puffs or pansy corsets at Webbley or maybe snapping his girdle.

As a guy who has never once stolen his wife's face powder or doused himself with cologne or any scent, much less rose-scented, I hope I speak for at least a few of you fellows. The rest of you can just run along home to your bubble bath.

It is when Webbley gets into what he brightly calls an explanation of his amazing claim that he runs the risk of being slugged with a weighted sandbag in some dark alley.

Believe it or not, he says it all started with servicemen.

Smell Nice!

"When we were overseas where they couldn't keep clean they tried at least to smell nice," Webbley lisp, running a hand through his marcelled hair. "It was inevitable that other men would recognize that a fresh, clean fragrance was preferable to an aroma of tobacco, tar soap or perspiration."

Oh, mother, pin a rose on me. It is an amusing idea, though, I am sitting here thinking of two infantrymen. They are living in a barn on the bank of the River Maas, where I spent a short time with them, my sleeping bag half way between two Holstein cows and a manure pile.

I like to think now of one of these fellows saying to the other, "Listen, Duke, you might at least try to smell nice."

"Well, I do, Ben," the other says. "I put a drop of rose-scented cologne behind my ear this morning." This never happened when I was around. As I recall it we all smell like goats. There wasn't a jar of Arrid within 500 miles. A warehouse full of the stuff wouldn't have made the slightest impression. This was a terrible source of worry for everybody, believe me, Webbley. At night everybody would toss and turn for at least two minutes before falling into a dead sleep.

Arrivals

BORN: To Cluny Brown, grey cat, four kittens, Penny, Mamie, Elmore and Alf; mother and kittens doing well.

Showers Forecast Wednesday Night

Showers will start falling late this evening, and continue overnight. Skies will be overcast this evening, with cloudiness and cooler weather Thursday. Light winds will prevail.

The maximum temperature yesterday was 35 degrees above at 4 p.m. and the low read 27 above at 5 a.m. The overnight low registered 31 above at 6:30 a.m.

The estimated low temperature tonight is 35 above. Expected high Thursday is 50 degrees above.

Security Council Subject of Talk

"The Security Council and its problems," was the subject of a speech given by Mrs. W. F. Bowker, secretary of the United Nations Society in Edmonton, at a "World Outlook" meeting held by the Y's Mens Club in the YMCA, Tuesday evening.

Although the UN is only 36 months old, she said, it had greatly increased in the past three months with 55 countries represented in General Assembly meetings, held one a year except in case of special meetings.

IT CONSISTS of an International Court of Justice, she said, and five permanent and six non-permanent members are present in the Security Council.

"The Economic and Social Council is a brand of General Assembly, she explained, and has 18 separate sections under it."

Harold Sprague, district governor, and Y's Man Bud Banks, reported on charter nights at Moose Jaw, and Winnipeg, both sponsored by the Edmonton Club.

Halt Construction Separate School

Major construction projects will be halted due to the continued shortage of building materials and the substantial increase of building costs, it was decided at the regular monthly meeting of the Edmonton Separate School Board on Monday.

ANY MINOR and emergency building or alterations as may be necessary to house the increasing school population next year will be provided.

Approval was given to the holding of the annual field day for elementary and intermediate grades at the Clarke Stadium on May 23. The board will support the activity with the necessary financial grant.

Final figures for the 1947 estimates were adopted. The expected total receipts for the year will be \$320,923.80, and disbursements, \$320,860.50. Further consideration is to be given to salary adjustments and increases, at a special meeting to be held before April 30.

Enrollment for the month of March, 1947, was 3,739 pupils, an increase of 128 over the same period in 1946.

To Name Delegates

Selection of three, and possibly four delegates to the provincial command convention of the Canadian Legion, will be the chief topic of business at a meeting of Canadian Legion Edmonton Women's Branch No. 215, to be held Wednesday in the Legion Club rooms starting at 8 p.m.

HOSPITAL BOARD MEETING

The regular monthly meeting of the Edmonton Hospital Board will be held on Friday at 6 o'clock p.m.

WORLD FLIER GREETED BUDDY: When the Reynolds Bombshell reached Edmonton Tuesday afternoon after a record-breaking flight around the world, it was a great experience for Doug Craig of Edmonton, University of Alberta student air force veteran. Craig was navigator for Pilot William Odom of Roslyn, N.Y., Bombshell's pilot, when the two were on the RAF Ferry Command, Atlantic service during the Second World War. Craig is on the left in the above picture, talking over old times in the air force with his buddy.

Pair Ferried Planes

Reunion of two wartime aircrew mates took place at the Edmonton airport Tuesday, when the Reynolds "Bombshell" arrived for refueling at 1:55 p.m., in the course of its record-breaking hop around the world.

WHILE LUNCHING in an airport office Capt. William Odom, pilot of the plane, of Roslyn, New York, was greeted by Douglas Craig, 9734 111 street, Craig was the captain's navigator during the war when the pair flew Catalina PBV's over the Atlantic for the RAF North Atlantic Ferry Command.

Many stories regarding their missions were exchanged. "I remember the time we threw a thermos bottle with a note into the Atlantic," said Capt. Odom. Thirty-three days later we received a letter from a Boy Scout in the Orkney Islands saying he received the note."

Craig is a student at the University of Alberta where he is taking a second-year course in chemical engineering. He enlisted in the air force at Calgary, and served for five years. One and-a-half years of this time was with the RAF Ferry Command.

IT'S A PRETTY big world, but we have enjoyed every minute of it, remarked Capt. Odom, speaking of the globe-circling flight. The Shanghai to Edmonton leg was the easiest part of the entire trip.

In Capt. Odom's opinion, from Calcutta to Shanghai was by far the hardest part of the trip. "There is no night flying in China, so there were no facilities to help us along," he said. Capt. Odom covered this hop over the "hump" 301 times during the war.

Co-pilot Carroll "Tex" Sallee, of Dallas, Texas, was with the Naval Air Transport (Panama Reserve), for three years during the war. He saw service in the Pacific area, and made numerous flights to Honolulu. He estimated his total miles flown as 900,000.

ALMOST IMMEDIATELY on arrival he disappeared, to telephone his fiancée. His wedding will take place in New York Wednesday.

Only irritating part of the trip was the cold, said Mr. Sallee. Sometimes the temperature was as low as 40 degrees below zero.

For Two-Month Period

City Utilities Show Decrease in Revenue

Revenue from the five city-owned utilities in taxes and net surpluses for the two-month period ended Feb. 28, 1947, totaled \$197,353.48, compared with \$207,645.31 for the same period last year, a decrease of \$10,291.83, according to A. A. Campbell, city comptroller.

Bishop's Cross Is Recovered

The pectoral cross and robes stolen from the Rt. Rev. W. F. Barfoot's auto last Saturday night, have been recovered, city police announced Wednesday.

He said all the articles were intact, but the suitcase is still missing. Arthur Martin, 10348 Connaught Drive, said he found the robes and two gold crosses where they had been abandoned, in the Groat Ravine.

The pectoral cross, set with three sapphires, is valued at \$500.

To Raise \$750,000 U. of A. Memorial

A campaign to raise \$750,000 beginning May 1, was announced by L. Y. Cairns, chairman of the University of Alberta Memorial scholarship fund, in an address to the Gyro Club in the Macdonald hotel Tuesday.

To establish a foundation providing scholarships as a memorial to students who gave their lives in World War II, will be the purpose of the campaign.

Scholarships will be granted to children of personnel killed in the war, and second preference will be given to children of crippled veterans.

Workshop Unit

Shades Friday
The 44 HAA Workshop and 136 LD RCME at railhead depot will parade on Friday, at 19:45 hours.

Members are also notified that a smoker and stage show will be held April 25, in the auditorium at railhead depot. It will be held to further the recruiting drive, and all members are asked to bring along prospective recruits.

Building Program Behind Last Year

Edmonton's 1947 home-building permit total is nearing the 200 mark, but is still lagging behind last year's by approximately 120 units.

DURING the first two weeks of April, 96 home building permits were issued with a face value of \$433,500, to bring the total of such permits issued to date to 181, the value of which was \$822,790.

Last year for the same period there were 300 permits issued, the value of which was \$1,169,625.

A PERMIT was issued to J. P. Kay for \$20,000 covering the erection of 20 frame and stucco cabins at an auto camp at 6622 104 street.

Smith Hatcheries Ltd. took out a permit for \$22,000 covering a hatchery building at 10001-05 Whyte avenue. It will be a two-story building of frame and stucco construction.

Purse Snatched

A purse, containing about \$4 in cash was snatched from Mrs. Ola Henry, 9945 108 street, about 11:15 p.m. Tuesday according to city police. The woman said she was near 100 avenue and 105 street when the offence was committed. The only description she could give of the culprit was that he was wearing a fawn windbreaker and had no hat on.

CO-OPERATION WITH U.S. RECOGNIZED: Paul S. Seddium, American vice-consul, Edmonton, is shown above pinning the United States Medal of Freedom with bronze palm, on Col. W. F. W. Hancock, OBE, for his "meritorious service" while he was assistant commissioner in command of "K" Division of the RCMP. The decoration is a civilian one and was awarded to the former police commissioner at RCMP barracks here Tuesday night. He is now public relations officer Northwest Airlines here.

On Mayor's Instruction

Prepare Proclamation On Daylight Saving

Instructions have been issued by Mayor Harry Ainlay to City Solicitor T. E. Garside, K.C., to prepare the proclamation which will place Edmonton on daylight saving time from April 27 to Sept. 28 inclusive. Mayor Ainlay said the proclamation will be issued before he leaves on holidays at the end of this week.

WEDNESDAY afternoon he will confer with executive officers of the Edmonton public-school board on the question of advancing the hours of attendance at city schools to conform with the terms of the daylight saving proclamation.

It is understood that under the provincial statute the school board has the power to shorten or change hours of school attendance, but such change is subject to approval of the minister of education.

When Mayor Ainlay issues his proclamation will the provincial government alter the opening and closing times of civil service offices to conform?

THAT WAS the question put to Premier Ernest Manning Wednesday morning.

The premier answered that the question would be discussed after the proclamation had been made though he conceded that Mayor Ainlay had as much right to issue such a proclamation as had Toronto's mayor who has taken similar action.

Government employees feel that a confusing situation might be worse confounded should their

Strong Signal

When the Reynolds "Bombshell" landed here yesterday, CKUA interviewed and recorded the three-man crew. William Odom, captain of the Bombshell, staggered Jim McRae at the CKUA mike when he said: "We homed in on your station from about 1,000 miles out of here."

McRae asked, "That's very good, I'm glad to hear it, was the signal fairly strong?" Odom replied, "Yes you could come right in on it."

REGIMENTAL PARADE

Copy of Agreement Here

Govt. Reviews Terms Water Resources Pact

Terms of the Dominion-Provincial agreement dealing with the conservation of water resources on the eastern slope of the Rocky Mountains are being reviewed by the attorney-general's department and by officials of the department of lands and mines.

THESE TERMS are contained in the copy of the agreement recently received from Ottawa, Hon. N. E. Tanner, minister of lands and mines, said Wednesday.

There was no new principle involved in the federal copy of the agreement, Mr. Tanner said, indicating that it agreed with his previous announcement and with legislation approved by the legislature at the recent session.

AFTER THE BILL has been reviewed by officials of the two departments, it will be taken up by the cabinet, signed and returned to Ottawa, the minister explained.

There it must be approved by the House of Commons before any action can be taken in the implementation of the agreement, which calls for the appointment of a

Telephone Strike Plan Rejected

WASHINGTON, April 16.—(AP)—

Labor Secretary Schwellenbach announced last night that both sides had turned down his proposal to end the nine-day United States telephone strike for increased wages, and said both have failed to show "any recognition of the public responsibility they have."

"The company, on one side, says it is regulated in each state (as grounds for refusing nation-wide arbitration) but fails to recognize that the reason it is regulated is that it has a monopoly," Schwellenbach said.

commission to be charged with its administration.

I SAW TODAY—Tommy Visser driving west on Jasper.

Bill Gordon pouring over advertising copy; Peter Torgness heading towards a 101 street coffee shop; Ernie Hollingworth on his favorite "discussion corner"; Gordon Cook on 103 street; Verg Niddrie entering a Jasper avenue drug store; Frank Lewis patrolling the main stem boulevards; Paul Demers parking his car back of the Strand theatre.

Hope to Complete Austrian Treaty

MOSCOW, April 16.—(AP)—Soviet Foreign Minister V. M. Molotov told the council of foreign ministers tonight Russia had no objection to completing Austria's peace treaty during the current conference. He promised his delegation would strive toward that end.

The ministers rolled through 15 of the treaty's 59 clauses, agreed on a dozen of them and resolved relatively minor disputes which previously had impeded progress.

THIS WAS THE first session of the council on the Austrian treaty. It failed, however, to raise any major controversies which may yet prevent completion here of the pact.

In other divisions of the conference, it was reported earlier that State Secretary Marshall's 90-minute talk last night with Prime Minister Stalin failed to break any of the deadlocks which have tied up the council in knots.

Britons Find Smoking Costly

LONDON, April 16.—(CP)—

"Cool I'm going to quit smoking."

That was the agonized cry commonly heard last night as fags in Britain rose from two shillings fourpence (about 48 cents) to three shillings fourpence (about 66 cents) for a pack of 20, in line with the 50-per cent increase in tobacco import duties.

The more cynical, however, took the view that most Britons will go on smoking heavily regardless of price.

"It's about the only pleasure we've got left," said one smoker defensively.

As things stand the British smoker could hang on to his money and £750,000 (\$30,000,000) of the United States loan—thereby making a patriotic gesture—or enjoy one of the few remaining comforts in Britain stripped to austerity by paying until it hurt for a smoke.

LE HAVRE, France, April 16.—(AP)—The French liner Liberté, formerly the German liner Europa, was refloated here today and tied up to a wharf for refitting.

Big Liner Held In Grip of Fog

SOUTHAMPTON, England, April 16.—(AP)—The giant liner Queen Elizabeth, freed last night from a sand bank that held her tightly for 26 hours, lay motionless in the grip of a thick fog today, unable to discharge hundreds of her passengers.

COMPANY officials said the liner would dock on the high tide tonight if the fog lifted.

Most of the 620 first class passengers were landed yesterday. The Elizabeth stuck in the sand Monday night as she came in on a trip from New York.

LE HAVRE, France, April 16.—(AP)—The French liner Liberté, formerly the German liner Europa, was refloated here today and tied up to a wharf for refitting.

Say New Chemical "Hard as Stone"

ATLANTIC CITY, April 16 (AP)—

Spectacular new chemicals made of sand, that set like plastic quartz, that spread like paint, or make good oil, but possess the durability of stone, were described to the American Chemical Society yesterday by Dr. Charles A. Reed of the General Electric Company. These chemicals are known as organic silicones. They are made by replacing some of the carbon in sand by a little oxygen. Dr. Reed said that they promise to cause a spectacular expansion of United States chemistry.

Tree-Sitting Cat Stays Six Days

CLEVELAND, April 16.—(AP)—

"Fluff," a cat turned tree-sitter, finally came down from her perch yesterday, but it took three Animal Protective League wardens to persuade her.

She spent six days in a tree before the wardens attempted to reach her by ladder. "Fluff" still had one trick left, however. She made a 10-foot leap to the ground and scrambled to freedom down an alley.

FOUNDER OF FIRM: T.H. Campbell, founder and president of the furniture store bearing his name who today celebrates the anniversary of the founding of his business in 1916. Mr. Campbell still takes an active part in this old established business.

Firm Celebrates 41st Anniversary

"Personalized service" is the motif around which has been built the story of the expansion of one of Edmonton's largest furniture stores from a small second hand store on Rice street to its present prominent position in Edmonton's furniture markets. It is the story of Campbell's Furniture Ltd.

IT WAS in 1916 that T. H. Campbell, under whose guidance this expansion has taken place, opened a small second hand store on Rice street. His firm conviction that the people of Edmonton would patronize an establishment designed to give them good furniture, presented to them in a personalized way, was soon confirmed.

Expansion of his premises was almost immediately necessary, and Mr. Campbell was again forced to expand in two years and later again, further expansion was a necessity in 1920.

COUPLED WITH his insistence that his store should maintain a friendly atmosphere, his faith in advertising, consistently lower prices, and superior services Mr. Campbell has taken an active part in community affairs.

His Scottish ancestry responds to every opportunity to maintain the tradition of the Highlands, so as a result he has been particularly active in the work of the Highland groups.

He has also been active in golf circles, a stalwart member of, and for many years president of, the store is celebrating its birthday with a sale covering all departments, advertisements for which feature today's papers.

Associated in the operation of the firm are Neil G. Campbell, managing director and Alex G. Campbell, assistant manager who are sons of the founder.

Navy (retired), and Joseph E. Davies.

U.S. Youth Group Said "Communist"

WASHINGTON, April 16.—(AP)—

The United States House of Representatives committee on un-American activities asserted last night that "the spectre of Communism stalks on college campuses masked under the cloak of the American Youth for Democracy" and called on state governors and school heads for a thorough exposure of the organization.

The committee said that "gracing various AYD entertainments, meetings and campaigns, or contributing to its magazine, Spotlight, is the usual list of sponsors invariably found supporting the Communist party and its front organizations." It said the list includes such names as Paul Robeson, Edward G. Robinson, Col. Evans F. Carlson, Zero Mostel, Lt. Cmdr. Charles S. Seely, United States

NAVY (retired), and Joseph E. Davies.

Mine Operators Meet

Coal Prices Going Up

An increase in the price of coal, to be determined in accordance with individual mines and fields, was agreed on by the Western Canada Bituminous Coal Operators Association at their annual meeting Tuesday at Calgary. The association represents 51 mines in Western Canada.

"IT WAS generally agreed that the industry as a whole requires an increase in the price of coal," according to V. A. Cooney, Drumheller. Mr. Cooney would not estimate what the price increases would amount to.

C. A. Hyndman was elected president for his third term. Other officers elected were: J. M. Davidson, Lethbridge, re-elected first vice-president; H. R. Narraway, second vice-president, and P. H. McInnis, McLeod River, third vice-president. Mr. Cooney was re-elected for his fourth term as secretary.

In some areas the increase will boost the price of fuel as much as \$2.75. As a result coal prices generally will reach the high point of the last quarter century. AN INCREASE of \$2.35 to \$2.75 a ton in Toronto will cost householders of that city \$3,000,000 more to heat their homes than it did last year.

Both domestic coal producers and bituminous operators presented briefs to the provincial government earlier this spring, protesting against a proposed 300 per cent increase in the provincial royalty on coal. Their plea that operators were producing coal on an extremely narrow margin persuaded the government not to collect the increased royalty.

Humane Society Hears Reports

Regular monthly meeting of the Alberta Humane Society was held Tuesday, Mrs. A. Miles presided. In his report inspector H. J. Jones, reported that 425 railway cars, 281 trucks, one sleigh, five trailers carrying 27,007 hogs, 3,008 cattle, 677 calves, and 304 sheep, were inspected during the month of March 18 to April 15. "There were three cases of overcrowding, three with no partitions separating the different species of animals, three without bedding, and 47 animals were dead and 27 crippled upon arrival at destination," said Mr. Jones. Warnings were given to nine people, one summons was issued, and one conviction obtained.

Officer A. Lawrence reported that there were 275 cattle, 1,400 hogs, 550 horses, 75 calves, and 50 sheep inspected for the month. There were 19 calls and complaints received, and 21 inquiries were made therewith.

Many other business matters were discussed, and considerable correspondence dealt with.

Bolivia is the fifth largest country of South America.

BEFORE THE MAGISTRATE

Airman Pleads Guilty To Automobile Theft

The elusive airman, AC2 Robert M. Dunn, who lead police a merry chase Monday night and Tuesday morning, before he was apprehended, appeared before Magistrate A. I. Miller in city police court Wednesday, and pleaded guilty to a charge of stealing an auto belonging to J. J. Doyle of Camrose.

POLICE SAID Mr. Doyle had left his auto parked on a parking lot at 10404 104 street. The accused is believed to have taken the auto about a week ago.

The accused was remanded until April 28 for sentence. The crown prosecutor, Donald Masson said that possibly additional charges would be laid.

Leslie Kennedy, Argyle apartments, will be appearing the next eight months and 21 days in jail as a result of sentences handed him Wednesday morning by the magistrate.

EVIDENCE SUBMITTED showed that the accused had broken into three cars recently and removed tools, and other articles from them. He was charged also with being in possession of a radio stolen from Russell Stogryn, Edmonton. While entering one of the auto's he broke a window and so faced a willful damage count also.

On each of the three charges of theft from the autos he was given two months imprisonment. For being in possession of the stolen radio an additional two months was imposed and the 21 days was handed out on the willful damage charge. All sentences are to be consecutive.

A THEFT which Walter E. Peterson, 9633 103A avenue, termed "a result of stupidity and drinking", brought him and his partner in crime, Gordon Bevan, jail terms, when they appeared before the Magistrate.

The pair allegedly stole two suitcases from two different men Bevan, who has a previous record, was given six months on each charge of theft while Peterson received a four-month sentence on each. The sentences are to be consecutive.

Supreme court judgment for \$3,693 was given in favor of Anthony L. Wilson, Edmonton, and against Metcalfe, Hamilton, Kansas City Bridge Co., in a written judgment handed down Wednesday by Mr. Justice C. J. Ford.

THE CASE arose out of a claim by the Dominion income tax branch against Mr. Wilson, who, under the terms of his employment with the company, was to be reimbursed for any Canadian income tax claims against him.

S. H. McCuaig, K.C., counsel for Mr. Wilson submitted to the court, that his client was an American citizen, and had been subject to American authority and laws, while the defendants contended that, as he had been resident in Canada prior to his employment by the company, he was subject to Canadian income tax.

The plaintiff was employed by the company for one year as a drag man, and was stationed for most of that period at Dawson Creek. The Canadian income tax claim, including penalties, was \$3,693 at the date of the trial.

AT THE time of hiring Mr. Wilson was asked by company officials to go to St. Paul, Minn., to establish his American social security and draft status, and immediately prior to taking up work with the company, he served for six months in the American army.

The court held that Mr. Wilson was an American citizen, and that claims for Canadian income tax should be met under the terms of the employment contract.

NO PROCLAMATION

R. A. Anderson, clerk of the Alberta government executive council, said today the province would not proclaim an arbor day holiday. He said schools and government and offices would continue with their usual business.

THE HOUSE OF PERSONALIZED SERVICE

Pash Feather Hats Favored by Aussies
MELBOURNE, Australia. (CP)—Feathers replaced flowers as favorite adornments in the millinery mannequin parade held at the Melbourne Town Hall to forecast fashion trends for the Australian autumn and winter seasons.

Australian designers showed it's always possible to start something new in women's hats by featuring

models of every color, shape and size. The trend is for off-the-face hats, in striking color combinations, while feathers are most frequently used. Hats sport drench feathers, hackle strip and glycerine feathers.

Velling is still popular, worn over the face to give a mistle air under the chin, or hanging straight like a bird's beak. White sequins, flit-free work and of course, ribbon always have admirers.

Why Grow Old?

Isn't she a cute chicken—the bird in the hand, that is? And it's worth two someplace else—which is why wives should keep the husband they have by maintaining a figure something like Actress Janet Blair's above.

By Josephine Lowman

It is difficult to understand why so many women are willing to handicap their beauty, comfort, youthful appearance and health with too many pounds!

Of course, these slip up on all of us but why let them remain? Overweight is in the large majority of cases, the result of too much food and too little exercise. Glandular deficiency is a cause in only a small percentage of sufferers.

Psychologists have two interesting explanations for this. First, many women who are bored or frustrated, adopt the between-meal rich food habit. They unconsciously decide, that if they cannot have the satisfaction of physical attractiveness, success or love they will at least have the comfort of good food. It seems reasonable to me that this factor enters into some cases of obesity because we all know that a blue, dreary day somehow seems a little better when

we have coddled ourselves with a delicious snack!

Not so long ago a psychologist told me that he has discovered a new reason for overweight. He said many women allow themselves to remain young because of resentment. He pointed to the instance of a young girl whose life was being ruined by excess poundage. Her mother was extremely concerned but the girl was antagonistic to the idea of remedying the situation. The doctor discovered that the reason for the stubbornness was her feeling that her mother should love her just as she was. Of course the mother did but had too much dissatisfaction on the weight factor and the child determined that until her mother found her attractive and lovable when fat, she would not cut a calorie.

The psychologist I mention feels that many wives have the same attitude and I am sure that I have observed the "Why should I struggle—he can like me as I am." viewpoint many times. These women are cutting off their noses to spite their faces, but it does tie up into a neat package of logic.

The woman whose husband adores her, no matter how many pounds she has, possesses the most potent of all incentives to remain attractive, while the woman who does not feel certain of her husband's love thinks, "What's the use?" This places her in a vicious circle and only she can break it by her determination to drop those pounds, at least for her own enjoyment.

Hint to Husbands: Tell her she looks lovely, no matter how fat she is, that is if you want her to reduce.

Hint to Wives: Give him the shock treatment, surprise him with a new figure!

Girls Hi-Y Conference Concludes in Edmonton

Closing address to the Annual Girls Hi-Y conference held in Edmonton was heard at the farewell breakfast at the YWCA when Mrs. Cora Casselman spoke on "A Hi-Y Girl in Her Stride."

As a Hi-Y girl strides along to reach her objective, she must be very sure that her objectives are worth while, she said. Some of her objectives in her Hi-Y purpose are to create, maintain, and extend throughout the school and community, higher standards of Christian character. There is a danger that if she strides too quickly she will not pay enough attention to where she is going and will forget that there are others on the path with her.

"Whether or not life is to be worth while depends on the objectives which the girl has set," Mrs. Casselman said.

"Through Hi-Y girls can help contribute to making a better world by adding their mite to make it a place Jesus wanted it to be."

Sunrise of the YWCA reconstruction fund was outlined by Miss MacArthur, Calgary. She told of some of the experiences of the Y in Europe during the war and of how, after the war, members of the Y in Germany, Italy and Holland were able to meet together very soon after they had been enemies, something only members of a Christian organization could do.

Canadian Weds English Girl

PERINTOSH, April 18.—A romance which began in England during the war culminated in the marriage of Miss Pamela Gladys Baxter to Walfred Ringwall April 13 in Vancouver.

The bride was a ferry bomber pilot in the Royal Air Force in England. The bridegroom was a member of the administration staff of the Canadian Army in England and the continent. Lt. Col. A. DeP. Kingsmill, DSO, OBE, MC, of North Lyndmont House, Newberry, Berkshire, is the bride's father.

The bridegroom is a son of Mrs. G. B. Ringwall and the late Peter Ringwall, pioneers of Perintosh district.

Last fall an objective of \$25,000 was set for Canada for the Reconstruction fund. As Y mission, it is up to us to think over our responsibilities and see what we can do, she said.

The convention delegates then returned to their homes.

Trousseau Tea Wednesday Honors Miss Sylvia Tanner

Complimenting her daughter, Miss Sylvia Tanner, a bride-elect, Mrs. W. J. Tanner entertained a troussseau tea at her home Wednesday afternoon. More than 100 guests were expected to call during

the afternoon and in the evening. Receiving Mrs. Tanner chose a figured silk dress, with which she wore a corsage of yellow tea roses. The bride-elect wore a white silk dress, overlaid in pastel rose pattern. Pinned to her shoulder was a corsage of white carnations.

Carnations in pale and deep pink tones were used throughout the rooms and repeated in the heirloom silver bowl which centred the tea table which was set with a hand-made cloth.

During the afternoon Mrs. A. C. Walton, mother of the bridegroom, and Mrs. E. M. Birdall presided at the tea urns while Mrs. Bertram Clarke and Miss Sydney Davis assisted. Mrs. E. Brown and Mrs. R. Johnston invited to the dining room. Showing the wedding gifts and trousseau were the Misses Kay MacFayden and Kay Trimble.

In the evening Mrs. Angus MacQueen and Miss Mildred Mumford will pour coffee. Serving will be the Misses Marcelle Carter and Pat Devlin, Mrs. R. MacFayden and Mrs. Hilma Carter will invite the guests to the dining room and the Misses Olga Pinkowski and Kay MacFayden will show the gifts and trousseau.

Anne Smale Becomes Bride

Bissell United Church was the scene of the wedding Saturday of Miss Anne Cecilia Smale, daughter of A. R. Smale of Armstrong, B.C., and Clifford Thomas Carlyle, younger son of Mr. and Mrs. T. Carlyle, 10868 96 street. The Rev. J. T. Stephens officiated. During the signing of the register Miss Mary Betsa sang "I'll Walk Beside You."

THE BRIDE given in marriage by Jack McKendrick, wore a gown of white rayon tulle and net, and a long veil held in place with a headpiece of orange blossoms. The dress had a scalloped neckline and short puffed sleeves with which were worn long tulle mittens. She carried a bouquet of American Beauty roses and her only jewelry was a double strand pearl necklace.

Miss Joyce Young was bridesmaid and wore a floor-length gown of rose silk jersey with gold accessories and carried a bouquet of cream roses.

BEST MAN was Roy Chobotuck. The bridegroom's mother wore a blue crepe dress, hat to match and a corsage of pink carnations. After the ceremony a reception was held in the church where 40 guests were served a buffet luncheon. The bride's table was set with a lace cloth and centred with a three-tier wedding cake. The best man proposed the bridal toast. The couple will reside in Edmonton.

MOTHERS! YOU CAN HELP PREVENT DIAPER RASH!

Do female functional monthly disturbances make you feel nervous, fidgety, cranky, so tired and "dragged out"—at such times? Then do try Lydia E. Pinkham's

Vegetable Compound to relieve such symptoms. This fine medicine is very effective for this purpose! For over 70 years thousands of girls and women have reported benefit. Just see if you, too, don't report excellent results! Worth trying.

Monday Mrs. G. Noelk entertained at a miscellaneous shower. Among those present were Mrs. Sherback, Mrs. J. Bohme, Mrs. J.

TO SPEAK—Dr. Charlotte Whitton, of Ottawa, who will address a meeting of the annual conference of the Alberta Association of Registered Nurses to be held in Calgary April 18 and 19.

English Writer City Visitor

Travelling across Canada by train "in order to better see Canada than by air" Mrs. Virginia Vernon, feature writer with the Daily Mirror, London, Eng., arrived in Edmonton Tuesday morning for a two-day visit. She is a guest at the Macdonald hotel.

She said that she is dealing with the syndication of Canadian news. Her paper has joined with a new newspaper syndicate formed by the Montreal Star and Standard, to release British features in Canada. After visiting Victoria, B.C. and Vancouver Mrs. Vernon will return to Montreal from where she flies to England May 15.

On arrival at Edmonton she said she was enthralled with the Saskatchewan River valley scenery.

During the war Mrs. Vernon filled varied roles. In 1939 she was appointed to the British Expeditionary Force in France as welfare superintendent. By the time she left the army in 1946, she had travelled from Iceland to China, had the rank of colonel, and was awarded an MBE and five British campaign medals.

She regards being unexpectedly summoned to appear before King George in Africa, while engaged in welfare and entertainment work in Tunis, her greatest thrill.

Gallen, Mrs. J. Blacklock, Mrs. J. McGregor, Mrs. J. Sharpe, Mrs. L. Lawrence, Mrs. A. Fraser, Mrs. J. Bamber, Mrs. A. Hertzog and Miss Vera Sherback. Many gifts were received by the bride-elect.

Mayor Seeks Mate For Husky Marine

BURY, Eng. (CP)—The Mayor of Bury, Ald. T. Taylor, said he proposed turning his mayoral parlour into a temporary matrimonial agency—all because a 200-pound marine told him he wanted a wife. The wife he wants must be "a very nice young widow, 25 to 30 with or without a young child."

PERSONALS

His Honor Lt.-Gov. J. C. Bowen and Mrs. Bowen left Wednesday morning for the Pacific Coast to be away a month.

Mrs. B. Greenleaf and Mrs. H. Robinson are convening a court wheel drive to be played after the regular meeting of Jewel Rebekah Lodge No. 23, IOOF, in the IOOF hall, 96 street, Thursday at 8 p.m.

The Canadian National Recreation Association held a dance at the Macdonald hotel Tuesday.

Mrs. Henry Steffox of Lacombe has arrived in Edmonton to visit her parents, Mr. and Mrs. Thomas James Anderson for a week. Mrs. Steffox is the former Miss Margaret Anderson of Edmonton.

Miss Esther Law entertained at her home recently at a miscellaneous shower honoring Miss Dorothy Walker, bride-elect of May 8, when members of the office staff of the Alberta Government Telephone were guests. The gifts were presented in a mauve and yellow decorated fireplace which held a decorated umbrella trimmed with pussy-willows. Twenty-two guests were present.

After a month's vacation in Southern California Mr. and Mrs. Al Anderson have returned to their home in Edmonton. They visited Carmel By The Sea and Del Mar, and inspected the RKO studios in Hollywood. On the way back Mr. and Mrs. Anderson visited at the Calgary homes of their parents, Mr. and Mrs. D. Anderson, and Mr. and Mrs. T. H. Donnelly.

Dr. George A. L. Irwin has returned by plane to Hollis, Long Island, after visiting for a week in Edmonton with his sister, Mrs. Robert Macquarrie and his niece, Mrs. J. A. Hays.

Mrs. John McDougall and Mrs. William Inglis of Edmonton are visitors in Vancouver, guests of Mrs. A. E. Chikott, who entertained informally at dinner during the week-end in their honor.

Mr. and Mrs. J. P. Wood of Moncton, N.B. are visiting in this city, guests of the latter's brothers, Dr. Herman B. Wood and Lloyd E. Wood.

In honor of Miss Viola Crawford, whose marriage to Edwin (Bud) Love takes place May 3, Mrs. H. A. Baker and Mrs. Stewart Baker were co-hostesses at a miscellaneous shower at the home of the former Friday evening. Mrs. A. Crawford poured tea. Those present were: Miss Viola Crawford, Mrs. A. Crawford, Mrs. E. T. Love, Mrs. E. E. Hyde, Mrs. R. Hyde, Mrs. J. Miller, Mrs. C. Smith, Mrs. C. Anderson, Mrs. R. Grierson, Mrs. R. Ramsey, Mrs. W. Norman, Mrs. W. L. Gutierrez, Mrs. R. Bradshaw, the Misses Doris Smith and Alice Baker.

Greek Canadian Ladies Society will hold an apron and home cooking sale at the market stall Saturday.

Launching a round of pre-nuptial parties for Miss Miriam Glassman whose marriage to Joe Lutsky takes place May 8, Mrs. Morris Wasserman, Mrs. Maurice Kline and Mrs. Charles Silver entertained at tea at Talmud Torah Hall Wednesday from 3 p.m. to 6 p.m. when 250 guests had been invited. A floral centrepiece flanked by white tapers was used or the lace covered tea table. Pouring for the first hour were Mrs. J. Nickelson and Mrs. M. Fechet, the second hour Mrs. L. Podersky and Mrs. E. Cramer, the third hour Mrs. A. Litwinow and Mrs. Al Miller.

St. Andrew's Presbyterian Church Women's Missionary Society will hold an anniversary tea in the church hall Thursday from 3 p.m. to 5 p.m. Receiving will be Mrs. G. Gray, vice-president, and Mrs. T. G. Trever. The tea table

Parties Honor Mary McLean

Several parties have been arranged recently to honor Miss Mary McLean, whose marriage to Garth Kay Bennett takes place May 3. Mrs. T. Bennett sister-in-law of the bridegroom entertained at tea at her Jasper Place home at the week-end for the bride-elect. The tea table was set with a cutwork cloth edged in lace, and centred with a bowl of spring flowers. Miss Margaret Barker presided at the tea urn. Others present were Mrs. R. W. Cuthill, Mrs. L. Morrow, Mrs. T. Butler and the Misses Joan Graham, Pat Devlin and Lillian House. A picture was presented to Miss McLean from the guests.

MRS. R. W. CUTHILL, the bride's sister, was hostess at two showers when she entertained at the home of her mother, Mrs. J. McLean. Daffodils were used in the rooms, and gifts were presented in a pink and white decorated doll's carriage, wheeled into the room by Miss Sharon Christine Cuthill, niece of the bride-elect. Present on the first occasion were Mrs. J. McLean, Mrs. D. McCloy, Mrs. Alvin Arvid, Mrs. J. Morgan, Mrs. J. Munro, Mrs. Lillian Munro, Mrs. R. Mowat, Mrs. C. Mowat, Mrs. A. Warner, Mrs. J. Armstrong, Mrs. W. Cairney, Mrs. A. Johnstone, Mrs. C. Brown, Mrs. B. Magee, Mrs. M. Guild, Mrs. R. Magee, Mrs. H. Rattenbury, Mrs. V. Bennett the bridegroom's mother, Mrs. D. Butterick, Mrs. R. MacBeth, Mrs. Helen Warner.

ON THE SECOND occasion guests were Mrs. R. Bennett and Mrs. T. Bennett sister-in-law of the bridegroom, Mrs. P. Butler, Mrs. E. Gano, Mrs. W. Short, Mrs. L. Morrow, Mrs. G. Cuthill, Mrs. F. Rock, Mrs. H. Kincaid and Miss V. Bennett sisters of the bridegroom, and the Misses M. Cole, M. Harker, Mr. Cairney, B. Cairney, Pat Devlin, J. Graham, Mae Cuthill.

Miss McLean was also guest-of-honor when Mrs. W. Short, Mrs. E. Gano and Miss Pat Devlin were joint hostesses at a supper party at the Purple Lantern and theatre party later. A gift of linen was made to the bride-elect.

Club Calendar

Members of St. Andrew's Presbyterian Church will hold a rummage sale in the Social Credit hall, 874 Jasper avenue, Friday, at 9:30 a.m.

Women of the Moose Edmonton Chapter No. 653 meeting in the IOOF hall, 103 street, Friday at 7:30 p.m. Cards will be played after the meeting.

will be centred by spring flowers in a silver basket, flanked by mauve tapers. Serving will be Mrs. T. Lammie, Mrs. W. H. Ironmonger, Mrs. N. W. Storie, Mrs. R. Paterson and Mrs. A. E. Davies.

Mrs. R. W. Cuthill of Lethbridge is visiting her parents, Mr. and Mrs. J. Maclean prior to the wedding of her sister, Miss Mary McLean on May 2.

A meeting to discuss formation of a community league playground will be held at Cloverdale Community Hall Friday at 8 p.m. Lionel Scott, technical advisor of the recreation commission will be present.

Miss Enid Nemy of Winnipeg, has arrived in Edmonton to be with Canadian Press. She is a guest at the King Edward hotel.

Canadian Pacific Railway Ladies Lawn Bowling Club will hold a wheel drive in the south side club rooms Thursday at 2:30 p.m.

Mrs. Patricia Johnson is leaving Saturday by plane for Los Angeles, after being the guest of her parents, Mr. and Mrs. H. H. Herbert. She will be accompanied home by her son Ricky, who has been visiting at the home of his grandparents for some time.

Complimenting Miss Joyce Agar, whose marriage to Peter Ritchie takes place Wednesday evening, Mr. and Mrs. Bert Miller entertained at their home recently. Mrs. James Dobie poured coffee. Miss Agar and Mr. Ritchie were presented with a toaster from the 20 guests.

Mrs. Wyatt Is Re-Elected

Re-electing Mrs. F. A. Wyatt president of the Women's Auxiliary to the University Hospital held its annual meeting Tuesday at the hospital.

In a review of the year's activities, Mrs. Wyatt spoke of the two teas given by the executive in honor of the September and January classes of student nurses at the homes of Mrs. Harold Orr and Mrs. Chester Gainer respectively, and thanked the committee in charge, Mrs. Francis Owen, convener, Mrs. R. F. Shaner, Mrs. R. E. Staples and Mrs. C. W. Hueston.

MRS. WYATT also spoke of the furnishing of two small reception rooms in the new nurses' home by the auxiliary, the committee in charge being Mrs. J. J. Owen, Mrs. Ruth Vant and Mrs. J. W. Bridge.

Mrs. Gainer reported that a prize of books is to be awarded to the student receiving highest marks in first year nursing.

Mrs. Scott Hamilton reported on social service. Others submitting reports were Mrs. D. B. Menzies, treasurer, Mrs. F. B. Rodman, corresponding secretary, Mrs. Kenneth Hamilton, convener of the membership committee, and Mrs. Francis Owen, convener of the social committee.

OTHER OFFICERS for 1947-48 are as follows: honorary president, Mrs. W. W. Cross, past president, Mrs. W. A. R. Kerr, first vice-president, Mrs. N. E. Alexander, second vice-president, Mrs. John Macdonald, third vice-president, Mrs. I. F. Morrison; recording secretary, Mrs. A. W. Downs, corresponding secretary, Mrs. W. Bramley-Moore; treasurer, Mrs. D. B. Menzies, convener of the social service committee, Mrs. R. E. Staples; convener of the membership committee, Mrs. J. W. Bridge, convener of the social committee, Mrs. Thomas Cox.

At the close of the meeting, members were guests of the hospital at tea.

Red Cross Corps Accepting Recruits

Edmonton Branch Corps Group of the Red Cross Society, wishes to make it known that it is accepting recruits. Any girl more than 18 years old, who is interested, may contact Mrs. T. H. Field chairman of corps at 7238 or write corps headquarters, first Presbyterian Church basement.

There is much work to be done under the new peacetime program, including visiting patients at all military hospitals VAD work at the University Hospital, operating the projection machines, teaching and supervising handicrafts, driving and giving a helping hand in many other ways.

All members will gather at corps headquarters, on the first Tuesday of each month at 8 p.m. Mrs. Field presented Miss Helen Larson, Mrs. Grace Merrick and Mrs. Dora Davies with felt crests which signify they have given 500 hours to the University Hospital in the capacity of VADs.

Miss Helen Gibson was elected unanimously to continue as corps secretary, and Mrs. Davies will be in charge of newspaper publicity. Plans were discussed for a party for the veterans at Government House to be held in the near future.

Legion Auxiliary Plans Sale, Concert

Under the auspices of the Canadian Legion, South Side branch No. 150, Ladies Auxiliary, a Bazaar and sale of aprons and children's garments will be held in the Legion Hut at 2:30 p.m. Friday. In charge of arrangements will be Mrs. A. Macdonald, Mrs. W. S. Rose will receive guests.

Mrs. P. O'Doherty and Mrs. P. Mains will be kitchen conveners. Assistants will include Mrs. B. Tutton, Mrs. S. Russell and Mrs. N. Stanners. Looking after the apron table will be Mrs. E. Wilson, while Mrs. H. Joslin will be in charge of home cooking and Mrs. A. Hamilton the children's garments. Mrs. P. Beaumont will preside over the novelties counter.

A variety concert will be held at 8:30 p.m. Mrs. J. Cox is in charge of concert arrangements.

Feeling Tired? Try Pep-Up Date
NEW YORK—(CP)—Here's a new answer to the old question of how never to be tired, have dates. It comes from Dr. Lillian M. Clibb of Purdue University, a pioneer authority on motion study for conservation of energy in the home, office and industry.

In expounding theories on the best use of energy she described "interesting revelations in the women's rest room after hours" when she was making a survey of work in a large department store.

"Girls preparing for a party or a date with the boy friend were all pepped up, primping away, their eyes shining, showing no tiring effects of the day. Those with no evening plans ahead were the ones saying, 'I'm exhausted!'"

Women's eyes usually are slightly darker than men's.

The Book of Knowledge

Dick Whittington and His Cat

This and the following articles are taken from the Book of Knowledge and can be clipped for saving in a reference book.

(Editor's Note:—How much truth there is in this famous legend is unknown, but there was an actual Richard Whittington who lived in the 14th and 15th centuries, and became Lord Mayor of London three times.)

Dick Whittington was an English country lad who, having lost his father and mother, went to London to make his fortune. His only friend was a cat which he had picked up and fed when it was starving. Dick used to think that the streets of London were paved with gold, but he found that they were covered with hard stones, and on

these stones he had to sleep with his cat for many nights.

At last he got a place in the house of a rich merchant. Dick had to work in the kitchens. The cook was a wicked woman, and she beat him every day and made him sleep in a garret overrun with rats and mice. These, however, were soon killed by Dick's cat.

The rich merchant used to fill his ships with all kinds of goods and send them to far countries, where the goods could be sold. And he allowed all his servants to put in his ships anything they wished to sell.

One day, when he was about to send a ship to a far-distant country, his pretty daughter Alice came into the scullery and said to Dick: "What are you going to put in for sale?"

"Nothing," said Dick sadly. "I've nothing in the world but my cat."

"Well, put in your cat," said Alice.

And to please her, he parted with the only friend he had. But Dick soon began to miss his cat. The rats and mice crept back to his garret and kept him awake at night, and the cook beat him more than ever.

By DOROTHY DIX

Advised Against Improper Affair

Dear Dorothy Dix: I was married three and a half years ago to a man in the service. He has been a wonderful husband and I have been very happy with him until recently, but now he sits and broods all the time and has admitted that he was in love with another girl before we were married. He wanted to marry her then, but for some reason didn't do it and married me. I thought of asking him to go see her. If he finds that he is still in love with her and if she isn't married to someone else, I will offer him his freedom so he can marry her, for I love him very much and want above all else for him to be happy.

What would you advise me to do?

Undecided.
Answer: I would say that your husband is going through the natural and most inevitable slump that comes after marriage when the love-dovies discover that they are married to human beings, instead of pin-feathered angels, and begin to peck at each other. Percy finds out that Angela doesn't cook the way Mother did and that she has little fussy ways that get on his nerves, and that it costs more to support a wife than he had figured on.

ANGELA wakes up to the cold, hard fact that husbands and wives are different species of fauna; that after a man tells a girl he loves her and marries her to prove it, that he has practically done his stint of love-making for life, and that he has to be reminded to kiss her.

And such being the case, prob-

So hard did Dick's life become that one morning he tied all his things into a bundle and set out to walk back to his village, bidding London good-bye. After a while he grew tired and sat down by the road.

Just then, the bells in the steeple of Bow Church began to chime the hour. Dick listened and it seemed that the bells were speaking to him.

"Turn again, Whittington," "Turn again, Whittington," "Turn again, Whittington," "That was what the bells seemed to say to him. He walked on a little farther, but

"Turn again, Whittington," "Turn again, Whittington," said the Bow bells. Still he walked on and still, though more faintly, he heard

"Turn again, Whittington," "Turn again, Whittington," "Turn again, Whittington," said the Bow bells. Still he walked on and still, though more faintly, he heard

"Oh dear!" cried the king, "I shall not get anything to eat again today."

"Good gracious!" said the captain. "You ought to keep a cat in your palace to kill all these rats and mice."

"A cat?" said the king. "What's that? Is it a new kind of lion?" I have bought hundreds of lions and tigers, but none of them would ever kill a mouse for me. I am becoming thinner and thinner day by day."

The captain sent a sailor to the ship to get Dick Whittington's cat. When the king saw how quickly it killed rat after rat and mouse after mouse, he shouted with joy.

"Will you take six sacks of gold for this wonderful little animal?" he asked.

The captain agreed, and the ship returned to London with the six sacks of gold for Dick Whittington.

The merchant gave Dick all the money, and had him brought up as if he were his son. Years afterwards, Dick married Alice. He was made Lord Mayor of London three times, as Bow Bells had foretold.

Your Baby and Mine

By Mildred Meyer Eldred

There comes a time when the baby of nine months or older will begin to pull at the feeding spoon in the mother's hand. This is a good time to take advantage of his interest and show him how to use the spoon.

Give him a spoon he can grasp easily. It has been determined, by experiments, that the long-handled, not the curved-handled spoon is the best implement. Show the baby how to put his hand close to the bowl, and then he will have a firmer grasp on it.

At first he will lunge toward the food, shovel up large portions and let most of it fall on the way to his mouth. Or, he may get the burdened spoon as far as his mouth and then turn it over and let the contents tumble out. All of this is part of the learning process and the child will acquire skill as he practices. Help him lift the spoon

to his mouth and keep it upright and he'll be pleased when he gets the food into his mouth.

This is a real task and a tiring one, so when he has struggled for a time, take over the chore of feeding and finish it. Let the baby practice at the beginning of the meal when he is hungry enough to work hard, then help him when he slows up. It may be months before the child will be able to feed himself ably. The child's interest in food is seldom superior to his fatigue and the last portions of a meal may always go begging unless spooned by the parent.

The important job is for the child to learn to get the food to his mouth. Tidiness is a by-product and one that should not concern the parent seriously. She should put an ample bit on the baby, pause under the feeding chair, and offer small portions on the plate as not to discourage him with the

Proclamation Okay On Daylight Saving

A daylight saving time proclamation could be made without interference from the provincial government, Hon. Louise Max-nard, K.C., attorney-general, thought Tuesday when queried at the action of city council Monday

enemies of his task. Children are alive to our criticism and if we avoid them for spilling or awkwardness, they prefer to be fed rather than to run the risk of our displeasure. There is certain to be messiness in eating daintiness and tidiness in low skill and do not run parallel with it. Be happy that the child is assuming responsibility and do not sour him on his task by berating him for his poor table manners. Our leaflet No. 46, "Good Manners," may be had by sending a stamped, self-addressed envelope to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

night in approving a suggestion from city commissioners that such a proclamation should be made.

Mr. Max-nard took pains to indicate that he was offering only an "off-hand" opinion when he said, "No, we won't interfere, but they won't be able to enforce their proclamation. There is no objection to them proclaiming it."

percentage has not been made. Unemployed workers and salaried employees form the only group with no regular pay. Their wages are paid by the government by the month, and fraud is impossible. Unemployment is not a problem. Agricultural, professional, industrial and commercial occupations are exempt from the law. The practice of fraud and of defrauding the government is the greatest cause of unemployment. The minimum wage rate is now a minimum of 10 percent for annual income. The deductible minimum is 10 percent. For more than 200,000 employees a year the rate increases 10 percent a year, full 100 percent for those earning less than 200,000 francs yearly. Few French workers receive such a salary, however. (New York Times, 1947; Government News Agency.)

Representative Adolph J. Sabath, Dem. Ill., of Chicago, smiles with satisfaction in Washington after blowing out a lone candle on a cake presented to him on his 81st birthday. Sabath is in his 31st consecutive term, the longest any man has served in one house in the U.S. congress.

Record Advances By Montreal Life

MONTREAL—Annual report of the Montreal Life Insurance Company to the shareholders and policyholders is noteworthy, revealing that insurance in force has reached a total of \$96,289,928, an increase of 11.8% over the previous year.

There was a record increase in assets, the figure of \$1,310,288 raising the total to \$15,543,375.

The rate of interest earned on investments was exceeded only by two life insurance companies in Canada and the United States, said the report.

The mortality rate for 1946 was 32.94% of expected or tabular mortality as compared with 33.6% in 1945 and 34.45% in 1944.

The amount paid to policyholders and beneficiaries during 1946 was a new high, \$922,880.

The underwriting profit of \$348,469, was the largest in the history of the company, and the total profit for the year was \$468,782 of which \$155,742 was employed to write down liquid assets.

In the past five years insurance in force has increased 62.18% and total assets 70.96%. The financial position is strong.

Great West Saddlery Profits Up in 1946

WINNIPEG (CP)—A net profit of \$144,367 for 1946, compared with \$67,793 in 1945, was disclosed Wednesday in the annual report of the Great West Saddlery Company.

Net working capital was reported at \$1,089,779 against \$992,880 for 1945 and capital assets at \$2,323,001 against \$2,300,000. The report said the reduction was largely accounted for by a deduction of \$228,812 from fixed assets.

Four quarterly dividends by 1% percent were paid on first and second preference stocks, totalling \$24,450, the same as in 1945.

Exports of Butter Holds Low Level

OTTAWA (CP)—Canada exports of 4,509,400 pounds of butter to foreign countries during 1946, Trade Minister MacKinnon reported Monday in the commons.

Exports in 1945 totalled 3,508,300 pounds, while in 1944, butter exports were 4,728,700 pounds. Domestic consumption of butter for the three years, as reported by the Dominion Bureau of Statistics, was 315,323,000 pounds in 1944, 349,052,000 in 1945 and 356,724,000 in 1946.

American-type automats have appeared in Copenhagen, Denmark.
